COMPARATIVE QUIET
AT VERDUN

Sector Picked for Attack
Would Be Base

FOR A DRIVE ON CALAIS

Activity Also Has Been Displayed In Other Sectors of Western Front—Aeroplane Attack on Dunkirk and Numerous Other Raids of German Aircraft Reported.

With comparative quiet prevailing at Verdun, the Germans last night made a thrust at the British lines in Flanders, attempting to cross the Yser canal north of Ypres. The French war office, which reports the attempt, declares that it failed.

The sector picked for the attack is one that would naturally be used by the Germans for an effort to break the British front and drive toward Calais. Some of the fiercest fighting of the war has taken place along the Yser during previous German attempts to advance toward the English channel.

Activity has also been displayed by the Germans in other sectors of the western front, notably in a gas attack in the Champagne region, which is also declared to have been fruitless.

There have been numerous raids by German aircraft. Three seaplanes raided the British east coast but according to the British announcement they caused but a few casualties and lost one of their machines, which was brought down off the Belgian coast. An aeroplane attack on Dunkirk and Bergues resulted in the killing of six persons and the wounding of 38 others.

According to today's Turkish official report there has been little fighting of importance between the Turkish and Russian armies fronting each other in the Caucasus and Mesopotamia campaigns.

FALLS 22 FEET; ESCAPES WITH BROKEN RIB

R. S. Campbell, 50 years old, a carpenter, living at West Main street and Day avenue, suffered a fractured rib, an injury to his neck and numerous body bruises late yesterday afternoon when he fell from the coping of a new house in Newal avenue. He dropped a distance of 22 feet and landed on his head and shoulders. Mr. Campbell was working on a scaffold, when a board broke, allowing him to plunge to the ground. The Bradley ambulance removed him to his home where Dr. Leland Baxter attended him. Unless complications result it is believed that Mr. Campbell will recover.

MILITARY PATROLS WILL BE SUPPLIED BY MOTOR TRUCKS

Columbus, N. M., May 20.—Military patrols protecting the American frontier from the Gulf of Mexico to the Pacific ocean are to be supplied wherever transportation is difficult by means of motor truck trains similar to those which have been used by the expeditionary command in Mexico, according to apparently authentic information here today. Two quartermaster captains, who have been commanding expeditionary trains, left today one for San Antonio and the other for Marathon to arrange transportation systems along the Texas borders. Bids also have been asked on 100 new trucks to be put into immediate service.

Reports from the Mexican field today were characterized as "routine" at military headquarters. However, it was learned that the redistribution of the American troops in Mexico in accordance with the new plans have not yet been completed, and it was predicted that it will be several days before all of the forces reach their new stations.

NEW YORK, May 20.—The automobile was invited to come to the aid of the horse today by the New York Women's League for Animals, which instituted May 20 as national horse day. Attempts were made to tag all automobiles as a means of saving the time for maintaining free drinking fountains for horses during the summer months.

An Anti-Willis Republican Says Fraud Defeated Him in Hamilton County Primaries

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 20.—Matt Glaser, Cincinnati publisher, here today to demand recognition of the anti-Willis Republican forces of Hamilton county in the appointment of a member of the board of elections, declared at the secretary of state's office he had evidence that 3000 "repeater" ballots had been counted against him and election officials had "juggled" returns so as to turn an additional 3500 votes given him in the recent presidential primary election to the so-called "regular" candidates for delegates at large to the Republican national convention. Glaser and Dr. S. O. Giffin, who accompanied him, were so called "irregular" candidates for delegates at large. Both were defeated.

Glaser said he had information a federal investigation of the alleged election frauds was under way. He said he had statements of three men that they each cast 27 ballots against him at the primaries, and that, but for the illegal voting the "irregular" slate would have triumphed over the organization candidates in Hamilton county. Glaser is seeking the appointment of Edward Burkholz to succeed Robert Z. Buchwalter, as a member of the Hamilton county board of elections.

CONFERENCE

WITH EMPLOYERS PLANNED BY
AMALGAMATED METAL
WORKERS.

Convention Adjourned Today After
a Three Weeks' Session.
Officers Elected.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 20.—Members of the Amalgamated Association of Iron, Sheet and Tin Metal Workers of North America, in convention here, were planning today to hold wage-scale conferences with their employers of the Western Bar Iron Association and Independent Sheet and Tin Manufacturers. The employers will be asked to agree to general wage advances, averaging about 15 per cent.

The convention adjourned today after a three weeks' session here. Granite City, Ill., will get the next convention, in May, 1917.

Officers elected were: President, John Williams; secretary-treasurer, M. F. McTigue; assistant secretary, D. J. Davis; insurance secretary, Jos. Bowers; editor of Association Journal, B. F. Davis, all from Pittsburgh; trustees, James McCoy, East Chicago; M. F. Donohue, Pittsburgh; Jenkin Jones, Follansbee, W. Va.

President John Williams and John J. Sullivan of East Chicago, were elected delegates to the American Federation of Labor convention.

TENTATIVE AGREEMENT
OF POTTERY WORKERS
(ASSOCIATED PRESS TELEGRAM)
East Liverpool, O., May 20.—Representatives of the National Brotherhood of Operative Potters and the labor committee of the United States Potters' association, have reached a tentative agreement which it is claimed will eliminate danger of a general closing-down of potteries owing to the demands of unskilled laborers for higher wages, it became known today, after a conference held here.

KILMEN RETURN:
POTTERIES RESUME
Alliance, O., May 20.—The kilmen, whose strike for higher wages kept five general ware potteries, employing 2,000 persons, closed down for more than a week, at Sebring, near here, returned to work today with the understanding that their grievance would be considered by the United States Potters' Association and the National Brotherhood of Operative Potters at the East Liverpool conference. The men demanded an increase of 25 cents a day.

SWITZERLAND IS TO RESIST ANY INVASION

(ASSOCIATED PRESS TELEGRAM)
Paris, May 20.—Switzerland is prepared to resist with all the forces at her command any invasion of her territory by troops of the belligerents according to an interview with President Camille de Coppet sent to the Journal by its Bernese correspondent.

President de Coppet was asked specifically what would be the action of Switzerland if troops of one of the warring powers should be sent across the Porentruy salient. He replied:

"The federal council would never tolerate such a proceeding and in accordance with the plans of General Ulrich Wille, the commander-in-chief of our army, would order the immediate mobilization of all our forces which would immediately be sent into action."

"The Swiss army is in splendid condition. It has reached a perfection of training which has been hitherto unknown and just received a complete equipment of new heavy artillery which was manufactured in France and Germany by order of the Swiss government."

FIRST TOURNAMENT
OF KIND EVER HELD

(ASSOCIATED PRESS TELEGRAM)
New York, May 20.—More than a thousand members of the New York national guard went into camp today at the Sheepshead Speedway in preparation of the opening this afternoon of a military, naval and aviation tournament said to be the first of its kind to be held in this country. The tournament will continue for a week and the profits derived from it will be applied by a committee appointed by the governor and mayor to promote the cause of national defense.

CLOCKS

WILL BE PUSHED FORWARD
ONE HOUR.

New Schedule Runs Until September
When Clocks Will Be Stopped
an Hour.

(ASSOCIATED PRESS TELEGRAM)
London, May 20.—(3:20 a. m.)—The hands on all clocks on British railroads, postoffices, newspaper offices, police stations, and other places where business is conducted throughout the night will be pushed forward at 2 o'clock, tomorrow morning, to 3 o'clock, in accordance with the daylight saving act. The general public will put their clocks and watches one hour ahead before going to bed tonight, or will awake to find themselves late for breakfast.

The new schedule will run until September 30, when clocks will be stopped for an hour.

TIME SYSTEM OF
NORTHERN EUROPE
HAS BEEN CHANGED

(ASSOCIATED PRESS TELEGRAM)
Christiana (Via London), May 20.—The legislature has passed the daylight saving bill, advancing the clock one hour. The new regulation goes into effect on May 22.

The passage of the daylight savings bill by Norway makes the new time system common to all northern Europe. Germany adopted the new schedule on May 1, and was followed by England, France, Holland and the Scandinavian countries.

MARINES READY TO LEAVE FOR SANTO DOMINGO

(ASSOCIATED PRESS TELEGRAM)
Washington, May 20.—Marines were being mobilized at Norfolk and Boston today preparatory to sailing for Santo Domingo to strengthen Rear Admiral Caperton's forces in policing that republic where political disturbances have occurred recently.

Three hundred will sail immediately from Norfolk aboard the cruiser Tennessee and a small force from Boston aboard the cruiser Salem. In addition, five hundred marines now in Haiti, by order of Admiral Caperton will go to Santo Domingo.

The movement of the marines is in response to a cable to the navy department from Admiral Caperton requesting further reinforcements. He gave no details of the developments which prompted his action.

HUGHES HIGHEST IN PRIMARIES IN STATE OF OREGON

(ASSOCIATED PRESS TELEGRAM)
Portland, Ore., May 20.—Justice Charles E. Hughes had a clear majority for the Republican presidential nomination in yesterday's preferential primary, according to the count early today. Senator A. B. Cummins of Iowa, is second, and Theodore E. Burton of Ohio, is third, in the contest.

The Progressives nominated Theodore Roosevelt, who also received many votes for the Republican nomination. President Wilson was unopposed on the Democratic ticket.

The three Republican congressmen were renominated.

(ASSOCIATED PRESS TELEGRAM)
Saratoga Springs, N. Y., May 19.—With the election of seven new bishops of the Methodist Episcopal church completed the general conference today began balloting for three missionary bishops. One is to be chosen to supervise the work in Singapore, Malaysia another who is to be a member of the negro race is to be selected for Liberia and a third will oversee the churches in other parts of Africa.

Missionary bishops have all the power of a bishop or general superintendent in the countries to which they are assigned, but possess no episcopal authority in the United States. In addition to the missionary bishops the conference will also soon begin balloting for secretaries of the church boards and editors of the Methodist publications.

CONGREGATIONALISTS
CLOSED CONFERENCE;
REV. G. L. DIEHL HOME.

The Congregational Conference of Ohio which has this week been meeting with the Denison Avenue church in Cleveland, closed last night with an address by the Moderator of the National Council of Congregational churches, the Hon. Henry M. Beardsley of Kansas City. Important action was taken against several lines of Christian progress. Under a special social service committee, definite plans were proposed and accepted for the advance of the Congregational Churches of Ohio in the active work of community building and social service. The city church and modern industrialism and the country church as a community factor were given thorough attention.

The sentiment of the conference by Dr. Dan F. Bradley of Cleveland was almost unanimously opposed to the militaristic policy but not in favor of "peace at any price."

Special action was taken toward encouraging evangelism as conducted by the pastors themselves.

Perhaps the most significant constructive work of the conference was to do its part toward the raising of a million dollars throughout the U. S. for work in such cities as Newark, O., and the approval of the pension plan whereby each Congregational minister over 65 years shall receive a pension of \$500 per year.

LYNCH'S FATE?

(ASSOCIATED PRESS TELEGRAM)
London, May 20.—The American embassy was officially informed today that the sentence on Jeremiah C. Lynch, the naturalized American who has been convicted of complicity in the Sinn Fein revolt, would be announced by the military authorities during the day.

It is reported to the American consular offices that Jeremiah C. Lynch has been sentenced to 10 years' imprisonment for complicity in the Irish rebellion. The general commanding the home defense says no confirmation has yet been received.

Villa Leader Gives Up

Chihuahua City, Mex., May 20.—Canuto Reyes the Villa leader, has surrendered unconditionally to the de facto government according to a message received here today by Gen. Trevino, commanding the Carranza forces from his subordinate, Gen. Fortunato Maycotte, at Pedricon.

SPEECH IS RESTORED
AFTER 10 MONTHS BY
A COUGHING SPELL

(Associated Press Telegram)
Sandusky, O., May 20.—William Eschenhauer, on a business trip out of the city, heard his wife's voice today for the first time in 10 months. She called him up over long distance telephone. Mrs. Eschenhauer lost the power of speech when she swooned after being frightened by a jack-the-peeper. Visiting yesterday at the home of her brother, Charles Arend, of Port Clinton, she was seized with a violent coughing spell after which her speech returned as suddenly as it had left her.

PNEUMONIA CAUSED DEATH OF PROMINENT OHIO REPUBLICAN; WAS ILL SINCE LAST FEBRUARY

GEORGE B. COX

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, May 20.—George B. Cox, politician and theatrical manager, died at his home here early this morning. Mr. Cox was stricken with paralysis February 29, from which he never recovered, although death is said to have been from pneumonia which developed in the last few days.

George Barnsdale Cox was one of the most widely known professional politicians in Ohio, a baseball magnate, a banker and part owner of one of the largest theatrical syndicates in the country. Born in Cincinnati, April 29, 1863, he began his career as a newsboy, and later became a saloon keeper at "Dead Man's Corner," as the locality at Carlisle and Central avenues, Cincinnati, was known because of the numerous murders in the neighborhood. Cincinnati was "wide open" in those days and unbridled saloons and gambling flourished. Cox, however, kept his place orderly and established a reputation for physical courage that he maintained throughout his career.

He immediately became a leader in local politics and soon spread his

influence until he virtually controlled the Republican machine in Hamilton county, obtained a powerful hold on state politics and wielded an influence in national campaigns.

Early in his political career Cox was elected to the city council. That, however, was the only elective office to which he ever aspired. He found the inner circle conferences of his party far more to his liking than the open work of the platform. As leader of the Republican party in Hamilton county, he selected as his chief lieutenants August Hermann, now chairman of the National Baseball Commission and president of the Cincinnati baseball club and Rud Hynicka who later became closely associated with Mr. Cox in theatrical ventures. In the division of authority between these two, Cox assigned Hermann to the city of Cincinnati and Hynicka to Hamilton county outside of Cincinnati. For years the word of these two men in their separate fields was final.

In 1884, during the Blaine-Cleveland campaign, Cox's circle of influence widened. At that time the Re-

CRASH

OF ONE AUTOMOBILE INTO
REAR OF ANOTHER HEARD
FOR BLOCKS.

Three Young Men Arrested—None
Badly Hurt—Car Standing Near
Curb Was Unoccupied.

B. L. Varner, Ben Harris and Harold Barnell narrowly escaped serious injury last midnight when a machine driven by Varner crashed into a new Chalmers car, owned by George Hayden, insurance man, as it stood in North Fourth street, near the Belmar apartments. Harris suffered an ugly cut in the back, but Varner and Barnell escaped with minor cuts and bruises. Both cars were badly damaged. The car driven by Varner was owned by his father, C. A. Varner, of Clarendon street.

According to the report of the affair made to the police department, Varner and his companions were coming south in Fourth street, and though the lights on the Hayden car were burning, the Varner machine crashed into the rear of the other machine. Harris was cut by pieces of broken glass from the windshield.

Officers on duty at police headquarters heard the crash and hurried to the scene of the accident. Upon their arrival they found the trio of young men and after an investigation placed them under arrest. All were charged with being drunk and Varner faced the additional charge of driving the machine while intoxicated.

The police assert that the lights on the Hayden car were still burning when they arrived.

In police court this morning, Varner pleaded guilty to both charges place against him. He was fined \$5 and costs for being drunk, and \$25 and costs for driving the car while drunk. He was sentenced to serve six months in the county jail. Mayor Bigbee suspended the execution of the jail sentence so long as Varner behaves himself in the future. Both his companions were fined \$5 and costs each.

The sound of the crash was so loud that residents in the neighborhood were aroused from their slumbers, many thinking that it was nothing short of a street car collision. The Hayden car was unoccupied at the time of the accident.

Vanguard of Federate Club Women
Have Begun to Arrive Already
In New York.

(ASSOCIATED PRESS TELEGRAM)
New York, May 20.—The vanguard of 20,000 women who will attend the thirteenth biennial convention of the General Federation of Women's Clubs to begin here next Wednesday began to arrive today. They were welcomed by committees of New York women, aided by boy scouts who were stationed at all the railway terminals to guide the visitors to the quarters assigned to them in hotels. Mrs. Percy V. Pennacker of Austin, Tex., president of the general federation, will arrive tonight.

The committee in charge will issue a series of "don'ts" to the delegates asking them among other things not to talk or whisper while the convention is in session.

The two candidates to succeed Mrs. Pennacker as president of the federation are Mrs. Samuel B. Sneath of Tiffin, O., now first vice president and Mrs. Josiah Evans Cowles, of Los Angeles, Calif., who has served as director, treasurer, member of the executive committee and as first vice president.

ANIMAL MASOOTS
TO BE FEATURES
SUFFRAGE PARADE

Chicago, May 20.—Animal masoats, it was ascertained today, will form a unique part of the Woman's Suffrage parade here on June 7. Twelve states have already sent word that the delegations will be accompanied by animals and it is expected that many more states will follow their lead.

California suffragists started the move by procuring a tame grizzly bear. Illinois followed by adopting an elephant, Wyoming a buffalo; Colorado, a mountain goat; Utah, a porcupine; Idaho, a black bear; Oregon, a cinnamon bear; Washington, an eagle; Arizona, a lizard; Kansas, a pig; Montana, a mountain lion, and Nevada, a mustang.

STRIKE ARBITRATED.

Trenton, N. J., May 20.—The striking car men of the Trenton and Mercer county traction company resumed their posts today and cars are being run on schedule time. The strikers at an early morning conference decided to arbitrate the settlement of disputed contracts.

SCORES G. O. P. LEADERS

Executive Attends 141st An-
niversary of Signing the
Mecklenburg Declaration
of Independence at Char-
lotte, N. C., Where He
Once Attended School—
Given Hearty Welcome.

(ASSOCIATED PRESS TELEGRAM)
Charlotte, N. C., May 20.—Pres-
ident Wilson today addressed a crowd estimated at more than 100,000 gathered here for the one hundred and forty-first anniversary of the signing of the Mecklenburg declaration of independence. He was introduced by Governor Chas. W. N. Carolina, who spoke of the president as one of the greatest leaders the nation had ever seen. The president began speaking at 12:30 o'clock.

In a parade in honor of the president, was a group of students from Davidson college, where the president attended. They stopped and gave the college cheers. Recognizing it, the president waved his hat.

The president spoke only briefly and devoted himself almost wholly to discussions of the ideals of the United States. He declared "untainted" Americanism was needed and that the United States must preserve its ideals in order to be of assistance in helping the world. He was enthusiastically applauded.

"I come back for a brief visit to a region dear to my heart," said the president. "I do not pretend that I can interpret for you the spirit of this occasion. It is necessary to realize just what we celebrate. There were only three million people in this nation when it became independent. Now there are 100,000,000 people. There have been changes but we have the same elements. What I want to impress on you that we have always been in the making. Among the men who founded this nation there was a very great passion for human liberty."

"What I want to call your attention to is that this nation has devoted itself almost too much to material things. There have been other nations just as rich as the United States. We must think of what we are going to do with our wealth and our prosperity."

"America did not come out of the south and it did not come out of New England. It came out of the middle state, where there was a mixture of different races."

The president spoke of the European war.

"What are the elements of this war?" he asked. "It is a clash of different elements. Europe is fighting out its war the questions we are fighting out in peace. As the processes of communication have grown better nations and peoples have grown closer together. Men can now learn more about each other. So that now the melting pot is bigger than America. It is as big as the world. See then what a new world we have come into."

"Here in America we have tried to set the example of peace by keeping together. Isn't it the sign and dawn of a new age that the one thing now on which the world is about to fall back is the moral judgment of mankind?"

The president said he would like to think the "spirit of this occasion" could be expressed "if we could imagine ourselves lifting up some symbol of humanity."

He added he hoped the United States after the European war would be able to lift up a symbol of the still small voice.

Closing his address amid a burst of applause the president left the stand to go to a local club for lunch.

PRESIDENT SCORES
G. O. P. LEADERS; MEN
"LOOKING BACKWARD."

(ASSOCIATED PRESS TELEGRAM)
Salisbury, N. C., May 20.—President Wilson, addressing a large crowd at the railroad station here today as he passed through on his way to Charlotte, attacked leaders of the Republican party as men who are "looking backward." Members of the president's party declared he was referring to the fight led by Senator Gallinger defeating the nomination of George Rabbe to the federal trade commission.

LABOR MEN TO PAY RESPECTS TO THE DEAD

Annual Memorial Service Sunday at High School—John A. Voll of Zanesville to Deliver Address.

Newark's Union men tomorrow will honor their departed brothers in a service at the High School Auditorium which will be addressed by Hon. John A. Voll of Zanesville, president of the Ohio State Federation of Labor. In addition to the address by Mr. Voll, there will be a service for the deceased Union men. There will be special music by a male quartet. The services will start at 2 o'clock. Many of the trades unions in the city will attend the services in a body. The program is as follows:

Invocation—Rev. A. B. Cox, East Main Street U. B. Church.
Song—Male Quartette.
Roll call of deceased members with appropriate services.
Song—"America." Audience.
Memorial Address—Hon. John A. Voll, of Zanesville, President of Ohio State Federation of Labor.
Song—Male Quartette.
Closing Ode—Audience.
Benediction—Rev. Grover Diehl, Plymouth Congregational Church.
The committee which has arranged the service consists of Oscar Browne, chairman and Messrs. A. J. Bingham, H. F. Bassett, C. H. Marsh, W. H. Cocanour, Harvey Wentz, W. W. Litten, and S. O. Riggs. The stage decorating was in charge of Robert Williams and Frank Caine.

PNEUMONIA

(Continued from Page 1.)
publicans declared for protective tariff and the idea appealed to Cincinnati as a rising manufacturing city. Cox was awake to the possibilities, formed the famous Blaine club, and asked to be allowed to direct the congressional campaign. In this political fight he won. Hamilton county giving Blaine a substantial plurality. Cox's work in connection with the candidacy of William Howard Taft for the presidency, occasioned surprise among political observers. When the former president was secretary of war, he delivered an address at Akron, O., supporting Myron T. Herrick for governor of Ohio. In this address he took occasion to say that if he were a Republican state ticket, but would not support the Cincinnati city ticket placed on the ballot by the Republican organization. This was construed as a direct slap at the Cox organization, but contrary to expectations. Hamilton county was solid for Taft when he was a candidate for president a short time later, and it was known that Cox used his influence in swinging the state for Taft.

When Cox announced his retirement from politics in 1909, Hermann and Hynicka continued the organization which was considered intact until it was beaten in the mayoralty race in Cincinnati a little more than three years later.

Cox, as a young man, was an enthusiastic baseball fan. He organized and was a member of the "Oseoclas" during the strenuous days of baseball when fights were frequent. The motto of the club was: "Win, Tire or Fight," and Cox is said always to have been where the trouble was the thickest.

Later he was associated with August Hermann in the ownership of the Cincinnati Nationals. The ill-fortunes of that club palled on Cox, however, and when he became tired of supporting a "tail-end" he sold his stock.

Mr. Cox was president of the World Film Corporation, one of the largest picture-producing and distributing concerns; chairman of the board of directors of the Shubert theatrical interests, vice president of the Marcus Loew amusement enterprises, and was interested in the Keith vaudeville circuits. He was president of the Cincinnati Trust company and held stock in various realty companies which have constructed theaters in New York City.

the men who are trying to hold us back.

"There are some men, I do not believe they represent the great rank and file of the Republican party, but the men who now control the Republican party are looking backward, not forward. They do not know the problem of the new day, and whenever I, for example, try to show my sympathies for the forward looking men of their own party by nominating men of that sort they at once try to block the progress. They have no sympathy with the forward looking men of their own party. Now I am for forward looking men, and not for backward looking men. We have come down here to celebrate an historical episode, but we have not done it because we are looking backward; we have done it merely in order to give ourselves the excuse to get together and feel the thrill of being Americans and living in an age when it is worth while being Americans."

SHIPPING BILL PASSED HOUSE; VOTE 211 TO 161

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—The administration shipping bill, designed to uphold the merchant marine and strengthen the navy, passed the house today by a vote of 211 to 161, virtually in the form it was introduced.

Plans of the Democratic leaders to pass the bill last night were frustrated by Republican Leader Mann, who conducted a filibuster against the measure.

The Democrats succeeded, however, in restoring by a vote of 205 to 152 the provision for the purchase of ships by the government. It had been stricken out in committee of the whole by a vote of 106 to 90.

The Republicans were ready today to continue their efforts to amend the bill, but prospects were that it would pass without vital amendment by practically a strict party vote.

With the shipping bill out of the way, the house was to take up the conference report on the army reorganization bill.

Senators today expressed interest in the protest of Secretary Daniels against the pending bill to legalize entries on certain California oil lands, which he said are needed to provide fuel for the navy. Mr. Daniels appealed to President Wilson yesterday for the continued retention by the federal government of the oil lands which were put in reserve by President Taft in 1909.

The secretary explained that navy advisers believe construction of additional oil-burning battleships, with their greater speed and steaming radius, must be abandoned unless an adequate reserve supply of fuel is constantly available.

PREPARE NOTICES TO LAND OWNERS FOR SUBWAY WORK

Clergy of Council J. S. Woodward has just received from the printer, blanks for the notices to property owners for the subway improvement. These will be prepared for service early next week.

The notice imparts the information that it is served in compliance with the provisions of the resolution declaring the city's intention to eliminate the grade crossings and that as a result certain changes will be made in the grade of the various streets. The full text of the resolution is printed on the back of the notice.

While no definite time has been set for the beginning of the work, it is believed that only the preliminary work will be done this year, and that actual operations of elevating the tracks will not start until next spring.

The Spitting Snake.

A snake found in Africa is called the spitting snake by the Boers. It is between two and three feet long and is especially bold and active, readily attacking every one who approaches it. In confinement it is very savage, opening its mouth and ejecting its fangs, from which the poison may be often observed to drop and even sometimes to be forcibly ejected, whence the name given it by the Boers.

WHO IS THE MOST POPULAR YOUNG WOMAN

The Woodmen of the World will give to the young woman receiving the largest number of votes by Wednesday night, May 31, a beautiful diamond ring, valued at \$125.00, and which is furnished by B. F. Stover, West Main street jeweler.

Contest starts at once, and the contest is open to all. Votes are one cent each; voting boxes and envelopes will be placed in the leading business places of the city, and the votes will be counted each day by a committee of Woodmen, and the standing of the contestants given.

Remember, you must enter the race at once if you want to enter, as the contest has only ten days to run and the prize is well worth the effort. The contest is conducted in connection with the Woodmen's big spring festival here the week of May 29, and they have secured the largest amusement company in the United States to furnish the attractions.

Any young lady wishing to enter the contest call Dr. W. E. Shontz, chairman of the committee.

HEROES

OF SOUTH TO BE COMMEMORATED IN STATUES 37 FEET HIGH.

Carved From Solid Rock—Enormous Scope of Proposed Memorial to Confederacy.

(ASSOCIATED PRESS TELEGRAM)

Atlanta, Ga., May 29.—The work of presenting to the South a memorial of the war between the states, probably unique in design and scope, formally was begun at Stone Mountain near here today. The mountain is a solid block of stone and on its most precipitous side will be carved figures nearly forty feet in height of the South's heroes and scenes depicting the greatest civil war. At the base of the mountain will be carved an assembly hall.

While practically all of the mountain will be cut out of solid rock it will be necessary to erect corner posts. It was the laying of the first block in one of these posts that occasioned the celebration today. Guston Borghum, a sculptor, will have charge of the work.

The central group of the historic carvings will be equestrian figures of Lee, Jackson, Forrest, Johnson, Gordon, Davis and other heroes of the Confederacy. These figures will stand about 37 feet high at the withers. The group will extend for a distance of about 2000 feet around the face of the mountain, about 400 feet above the surrounding country.

The great hall, cut at the base of the mountain, will be 180 feet long and 60 feet deep. It will have 13 columns cut from solid rock, representing the 13 Confederate states. In it will be stored archives and records of the war between the states.

It will take about eight years to complete the work, according to the sculptor.

CANDIDATES FOR SUPREME JUDGE FILED PAPERS

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 29.—Common Pleas Judge Willis Vickery, Republican of Cleveland, today filed papers with the secretary of state as a candidate for election to the supreme court.

Maurice H. Donahue of New Lexington, and James G. Johnson of Springfield, Democrats, justices of the state supreme court, today filed papers with the secretary of state, saying they will be candidates for re-election.

Their papers were signed by Chief Justice Hugh L. Nichols, Justice Oscar Newman of Portsmouth, and former Governor James E. Campbell of Columbus.

MEMORIAL DAY NOTES.

Satisfactory progress is being made for the observance of the day. The usual memorial day exercises in the schools will be held on Thursday, May 25. Those at the high school at 8:30. Those at other schools at 1 o'clock.

The schedule of speakers will appear in Monday's Advocate.

An interesting feature of the exercises at the high school will be the presentation of a beautiful illuminated flag.

About 40,000 soldiers of the Civil and Spanish-American wars have died since last Memorial day, and that many more graves will be decorated on May 30 this year.

The day should be fittingly observed as a sacred day. All sports are out of harmony with the spirit of the occasion.

MISSIONARY MEETING.

The Missionary Society of St. John's Lutheran church in Franklin township held its monthly meeting at the home of Mrs. F. H. Wilkin on the Linnville pike. Owing to the absence of the president the meeting was opened by the vice president, Mrs. Wilkin. The program was as follows: Hymn No. 57; Scripture reading, 6th Psalm; prayer, Mrs. George Vance; reading of lesson, Mrs. F. H. Wilkin; reading of lesson, Mrs. C. Osborn; hymn; reading, "Deeds and Words," Mrs. L. B. Dumm; instrumental solo, Miss Florence Dushmore; reading, Mrs. Barton Ewers; reading, Miss Maggie Taylor; hymn. Meeting closed with the Lord's prayer. A dainty lunch was served by the hostess.

Next meeting to be held at the home of Mrs. Carl Ritchey.

We are all attracted by our opposites. This may explain why a woman always like a man who is a good listener.

LICKING FAIR TO HAVE FOUR STAKE RACES

President J. J. Hill of the Licking County Agricultural Society, together with the board of directors took action this afternoon which should result in bringing one of the largest fields of horses to the local track this fall that has been there in many years.

The fair board announces that in addition to increasing the purses from \$300 to \$400, there will be four stake races for a purse of \$1,000 each, a stake race to occur on Tuesday, Wednesday, Thursday and Friday, September 27 to 30. There will be a 2:15 trot for a purse of \$1,000 on Tuesday, a 2:24 pace for a \$1,000 purse Wednesday, a 2:15 pace for a \$1,000 purse Thursday and a 2:20 trot for a \$1,000 purse Friday.

The first day's stake will be guaranteed by the Agricultural Society, the second day's stake by four restaurateurs, Messrs. Chas. Dean, Will C. Kuster, Emmet McDaniel and James Fitzsimmons. It will be known as the Restaurant stake. The third stake is guaranteed by the Consumers Brewing Company and the fourth stake is guaranteed by a number of well known citizens and will be called the Citizens' stake.

The fair this year is going to be a big success and the above mentioned purses will attract horses to the local track from all over the country.

AMERICAN RECORDS BROKEN TODAY BY A YOUNG AVIATOR

(ASSOCIATED PRESS TELEGRAM)

New York, May 29.—Victor Carlstrom in a 160 horse power biplane, flew from Newport News, Va., to the Sheephead Bay speedway in this today, a distance of 416 miles in four hours and one minute.

This breaks the American record for this distance, according to an announcement made by the aero club of America.

During his flight Carlstrom was lost for a time in a thunderstorm at an altitude of 5,000 feet. Stephenson Mac Gordon, who started at the same time in another machine was forced to descend 3,000 feet on account of the storm and reached here one hour after Carlstrom's arrival.

The flights were held in connection with a military, naval and aviation tournament which began today at the Sheephead Bay speedway.

Nature Worked Backward.

The following is an interesting instance of the reversal of the ordinary course of nature that cost an English market gardener dear:

Watercress is eagerly devoured by caddis worms, and caddis worms are a favorite food of trout. The trout in turn have a voracious enemy in herons, which catch the fish after they have grown fat on caddis worms. Now, in the case referred to, it happened that a large grower of watercress had three-quarters of his crop ruined by the ravages of caddis worms. On investigation it was found that the plants, which ordinarily protected the plants from the worms, had been devoured ahead of time, so to speak, by a flock of hungry herons, which, in thus reversing the course of events, had brought disaster to the owner of the watercress.

America's Appalling Fire Loss.

Every man, woman and child in the United States pays \$3 a year for fire waste. If on a certain day of the year a government official should go to the average family of five persons and present a bill for \$15 as the annual fire tax of the family, there would be a universal protest against the tax and against the carelessness which makes possible a yearly fire waste of \$250,000,000 in this country. Big manufacturers and big merchants know that the fire expense to which they are subjected is a drain on all the people, but because it is indirect the average person is not conscious he is paying a tax. Let the masses once realize that every time they buy a hat, a pair of shoes or a suit of clothes or anything which goes through the regular channels of industry, production, distribution and exchange, they are paying a part of the country's enormous fire tax, and fire prevention would become the order of the day.—Lent's.

GOOD TIME IS BEING ENJOYED BY NEWARKITES

Captain John Doyle and "Cam" Smith, two of the Baltimore & Ohio's popular passenger conductors, are expected home tomorrow from St. Louis where they have been in attendance at the thirty-fifth session of the grand division of the Order of Railway Conductors of America.

The two Newark men have been having a fine time for the past couple of weeks, and after the closing of the official program, Thursday, entertained a party of friends at Forest Park, a sea-food dinner being served and Captain Doyle acting as toastmaster gave an excellent address on organization and safety first. The party then visited the Zoological Gardens, the Jefferson Memorial and the Art Museum. In the evening an auto trip was made to the Eads bridge, the first bridge built to span the Mississippi river, and which occupied ten years in its construction, costing \$10,000,000.

On one of the sight-seeing trips, Captain Doyle became acquainted with Frederick D. Gardner, candidate for the Democratic nomination as governor of Missouri. The two gentlemen became very good friends and Captain Doyle has promised to return to St. Louis after the election in case Mr. Gardner is successful, and be present at his inauguration at Jefferson City.

MOTHER

FORCIBLY TORN FROM 2 DAYS' OLD BABY AND RETURNED TO PRISON.

Appeal to Governor Willis and Prisoner and Baby Were Soon Reunited.

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 29.—An exciting scene was enacted at a hospital here today when penitentiary officials forcibly separated Mrs. Margaret Armstrong, a prisoner from Hamilton county, from her two-days-old baby, and returned her to the penitentiary from which she had been temporarily released by order of Governor Willis so that the child would not be born within prison walls. The baby was taken to a children's hospital. An immediate appeal was made to the governor by the state board of charities and within a few hours the prisoner and her baby were reunited.

ONE SALOON ONLY AT PUT-IN-BAY COURT SO DECIDES.

(ASSOCIATED PRESS TELEGRAM)

Toledo, May 29.—The court of appeals here decided today that Put-in-Bay is entitled to only one saloon. The Ottawa county liquor license board proposed to grant six under a law providing that the transient daily population of a summer resort during the season may be taken into account in granting licenses. The court held this unconstitutional in injunction proceedings brought against the commission by Louis Deiser. As the island has less than 500 permanent population only one liquor license can be granted.

ESTIMATED RETURNS FROM INCOME TAXES

(ASSOCIATED PRESS TELEGRAM)

Washington, May 29.—Returns from the income tax for the coming fiscal year are estimated at approximately \$120,000,000 in revised figures being compiled by the treasury department.

The expected return of \$120,000,000 is \$35,000,000, or over 40 per cent more than officials estimated when congress convened.

Individuals are expected to pay approximately \$62,500,000 and corporations, \$57,500,000.

NEW VENUE OF 100 MEN DRAWN IN ORPET CASE

(ASSOCIATED PRESS TELEGRAM)

Waukegan, Ill., May 29.—A new venue of 100 men was called today in the trial of Will H. Orpet, the University of Wisconsin student, charged with the murder of his former sweetheart, Marion Frances Lambert. Five days have been spent in the examination of 273 prospective jurors and only three have been tentatively accepted.

B. & O. Official Elected.

At a meeting in New York this week of the American Railway Association, made up of practically every system in the United States, A. W. Thompson, vice president of the Baltimore and Ohio, with headquarters in Baltimore, was elected first vice president of the association. The question of railway mail pay was taken up, according to J. M. Davis, general manager of the B. & O. Southwestern, who returned home yesterday, and a number of important matters affecting the railroads discussed.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incalculable material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Rhodeback-Baughman.

The marriage of Miss Grace M. Baughman and Mr. Gerald Rhodeback, was solemnized by Rev. W. D. Ward, pastor of the Central Church of Christ, at 10:30 o'clock Saturday morning at his home in West Locust street. The bride was attended by Miss Pearl L. Baughman and Miss Mae Rhodeback.

Mr. and Mrs. Rhodeback will reside four miles northwest of Johnstown, on a farm.

The L. W. club was entertained at the home of Miss Florence Killworth, in Wing street on Thursday evening. An enjoyable evening was spent with games and music. In the contest the winners were Mrs. Archie Scanlan and Mrs. Stillwagon. A dainty luncheon was served the following members and guests: Mrs. Archie Scanlan, Mrs. Stillwagon, Mrs. Elmer, Mrs. Plyler, Misses Pearl Keaday, Bernice Brown, Mabel Lyman, Thelma Fairall, Mrs. Jessie Miller and Mrs. C. D. Killworth.

The Harmonious Embroidery club was entertained at the home of Mrs. M. E. Davis, in North Fourth street on Tuesday afternoon. The hours were devoted to needlework and Mrs. G. Travis, gave a number of piano selections. A delicious luncheon was served the tables being centered with spring flowers. The guests of the club were Mrs. Edward English, Mrs. Wayne Baird, Mrs. George Weaver and Mrs. H. Baue.

Miss Marion Weiant is the honor guest at a luncheon given this afternoon by Mrs. Robert L. Wilkin, at her home in Twenty-first street. The bridal party was placed at one table and the appointments will be in white. The table was centered with white roses, while the favors were corsage bouquets of white flowers.

The guests were: Miss Marion Weiant, Mrs. R. C. Van Voorhis, Mrs. Clarence Heisey, Mrs. Frank Espy, Mrs. Walter Metz, Mrs. George Upson, Mrs. Carl Weiant, Mrs. Malcolm Baker, Mr. Byron Ashbrook of Johnstown, Miss Louise Norpell, Miss Mary Sherwood Wright, Miss Bertha Latimer, Miss Hazel Altshool.

Two pretty parties were given on Friday by Mrs. George Pickup at her home in Hudson avenue. In the afternoon she entertained a number of guests with a thimble party, the rooms being arranged with Killarney roses, carnations and spring flowers. The invited guests were Mrs. Henry D. Woodbridge, Mrs. Fred Evans, Mrs. J. A. Mitchell, Mrs. Frank Windle, Mrs. M. M. Foote, Mrs. E. L. Renfrew, Mrs. D. M. Skinner and Miss Camille Windle. The out of town guests were Mrs. George M. Strong, Mrs. Clyde J. Loveless and Mrs. Harold W. Emswiler of Granville.

In the evening Mr. and Mrs. Pickup entertained with a bridge party, the invited guests being: Mr. and Mrs. C. W. Miller, Mr. and Mrs. W. C. Miller, Mr. and Mrs. F. M. Black, Mr. and Mrs. A. R. Lindorf, Mr. and Mrs. F. S. Wright, Mr. and Mrs. E. C. Wright, Mr. and Mrs. J. Howard Jones, Mr. and Mrs. R. L. Wilkinson, Mr. and Mrs. L. P. Franklin, Misses Ruth Lindorf and Mary Sherwood Wright.

The regular monthly meeting of the Otterbein Guild was held at the home of Mrs. Elmina Cornell on Friday evening, May 19. The discussions of the evening were based on the convention of the Women's Missionary Association held at East Main Street U. B. church last week. Many interesting points were brought out which showed that some deep impressions were made, especially for the betterment of the chapter. The next meeting will be held at the home of Anna Gardner in Eleventh street.

One of the delightful meetings of the Opportunity club was held Thursday evening at the home of Mrs. S. H. McNeely in North street. Catching, social conversation and music were the pastimes, after which the hostess, assisted by her daughters Misses Louise and Lillian, served an elegant three course lunch. The next meeting will be with Mrs. James Stewart in West Main street.

How to Wash Your Face.
If you wash your face in the wrong way every day for a year you won't be as pretty a girl at the end of that time as you were at the beginning.

Your skin will be coarsened and your color spoiled, and if you look at yourself in a good light you will see many little wrinkles.

This is the right way of washing your face:
Start by bathing it in clear hot water.

Apply a little good, pure soap to a soft fannel or your fingers, and go thoroughly well over your face with this.

Rinse the soap off again with hot water.

Sponge your face lightly with cool not hot—water.

Dry your face downward. Perhaps you don't know that by carefully rubbing upward you can very soon spoil the shape of your nose.

Brush or comb your eyebrows, which will have become a little rumpled with the drying of your face. If you leave them as they are they will grow into bad lines.

It is not necessary to use soap on your face more than once a day. If you come home at night with a thoroughly grubby face and neck, you can cleanse them best by rubbing a little pure-toilet cream on all over them and then taking this oil

NEW YORK WOMEN ARE ALL READY FOR CLUB CONVENTION LAST OF THIS MONTH

Mrs. Elmer Black, chairman decorations-committee (left) and Mrs. John Hays Hammond, chairman advisory committee.

New York women have made elaborate preparations for the thirteenth biennial convention of the General Federation of Women's Clubs, which will be held in New York city May 23-June 2. Prominent among the women who are at work to make the convention a great success are Mrs. John Hays Hammond and Mrs. Elmer Black.

again with a bit of soft rag. The grease will bring the dirt away wonderfully. After you have wiped it all off, bathe your face in warm water. If you are very pale it is a good thing to splash cold water up into your face when you have finished washing. Throw it up briskly with both hands from the basin.

Music

The pianoforte pupils of Mrs. Marjorie Coulter Cochran gave a recital yesterday evening at Mrs. Cochran's home in North street. Granville

(Special to The Advocate)
Granville, O., May 20.—Mrs. George H. Reese in her talk on art was the principal feature of the Social Union entertainment in the parlors of the Baptist church, Friday afternoon, May 19, following the enthusiastic business session of the organization. Mrs. Reese, who, as Miss Laura Helle Parsons, was teacher of art in Shepardson college, is eminently qualified to speak authoritatively on the subject, and her lecture, which was all too brief, was most delightful and informing. She had been asked to speak on "A Few of the Great Pictures of the World, and Why They Are Great," and though her time was necessarily limited, she presented a well constructed address that lacked none of the essentials of "a lecture on art." In her introduction she named some of the essential elements in the making of a picture: color, light and shade, values, drawing and composition. She spoke of the three kinds of art: First, the art which discovers and reveals to us beauties of nature by artistic ideas of form, color, light and shade, atmosphere and their kind.

Second, the art which is a union of natural beauties with the artistic and poetic ideas of the artist.

Third, sublime art, wherein the idea or individuality of the artist is predominant over all form.

In a brief survey of a few of the world's greatest pictures we must consider, first, the historical period; second, the national life; third, the environment of the artist. Nature, however beautiful, is not art. Art is natural beauty interpreted through human temperament. She spoke of the old quarrel between the public and the artist; and in selecting pictures for discussion she chose five representative pictures of historical national schools, with a delightful glimpse of conditions under which each picture was painted.

I. "The Sistine Madonna," in the Dresden gallery. The most wonderful example of sublime art in the world. Painted in 1513. The influence of the early church on art was touched upon briefly but eloquently.

II. "Portrait of George Giszze," by Holbein, and German art during the Reformation, received more than passing notice.

III. "The Night Watch," by Rembrandt, brought out the characteristics of the Dutch painter; his wonderful color scheme, bronze middle tones, silver high lights, golden glow, mysterious shadows.

IV. "The Angelus," by Millet. The exponent of peasant life, the first to work in the open, to dignify and ennoble humble toil. The picture which has brought the highest price ever paid for a modern masterpiece.

George Bellows, an American artist, was the last cited, although she was unable to secure a reproduction of the picture, "A Winter Scene on the Hudson." He is distinctively an American product, already recognized for his verile handling of American social and political sittings. The next great national art epoch is to be right here in America, probably during the next quarter of a century. Following Mrs. Reese's address, the president, Mrs. C. W. Chamberlain, introduced the hostesses of the afternoon and invited the audience to remain for refreshments served by Mrs. J. W. Barrington, Mrs. W. J. Livingston, Mrs. August Odebrecht, Mrs. Thomas Moody, Mrs. Florence Wiley.

Alpha Sigma fraternity, assisted by Shepardson college friends, gave an informal but delightful reception at their home in Shepardson Court, Friday evening, May 19, in honor of their week-end house guests: Mrs. Ladd and the Misses Ladd of Bowling Green, Mrs. Boomer, Mrs. Burnworth of Girard, Mrs. Lister, Twinsburg; McClellan, Frederick; Mrs. Edwards, Canton; Mrs. Davies, Newport; Mrs. Marsh, Bowling Green; Mrs. Beach, Cambridge; Miss Chapman, Xenia; Miss Moore, Twinsburg. This is the occasion of the Kappa Sigs annual house-party when their mothers and sisters take possession of their quarters for three days, and is one of the most delightful of their social affairs.

Carnival day has brought many visitors to Granville for the week-end, among them being Mrs. Collett, Dayton; Mrs. Olney of Cleveland, Mrs. Dickinson of Canton.

Edward M. Jones, railroad contractor with temporary headquarters at Lucasville, O., arrived at noon today for a week-end visit at Monomoy Place, where Mrs. Jones has been spending a fortnight with her mother, Mrs. Margaret Halderman, and her aunt, Miss Mollie Jones. Mr. and Mrs. Jones expect to leave Granville early Monday morning for their home in Lucasville.

Miss Mary McKibben, who spent the winter in Florida, and the spring in New York City, has returned to her home in West Elm street.

Mrs. F. L. Ferguson, who has been at the home of her son-in-law and daughter, Mr. and Mrs. Harold Lamson in Toledo, is expected to return home in a few days, as Mrs. Lamson is rapidly recovering her health, after an operation for appendicitis.

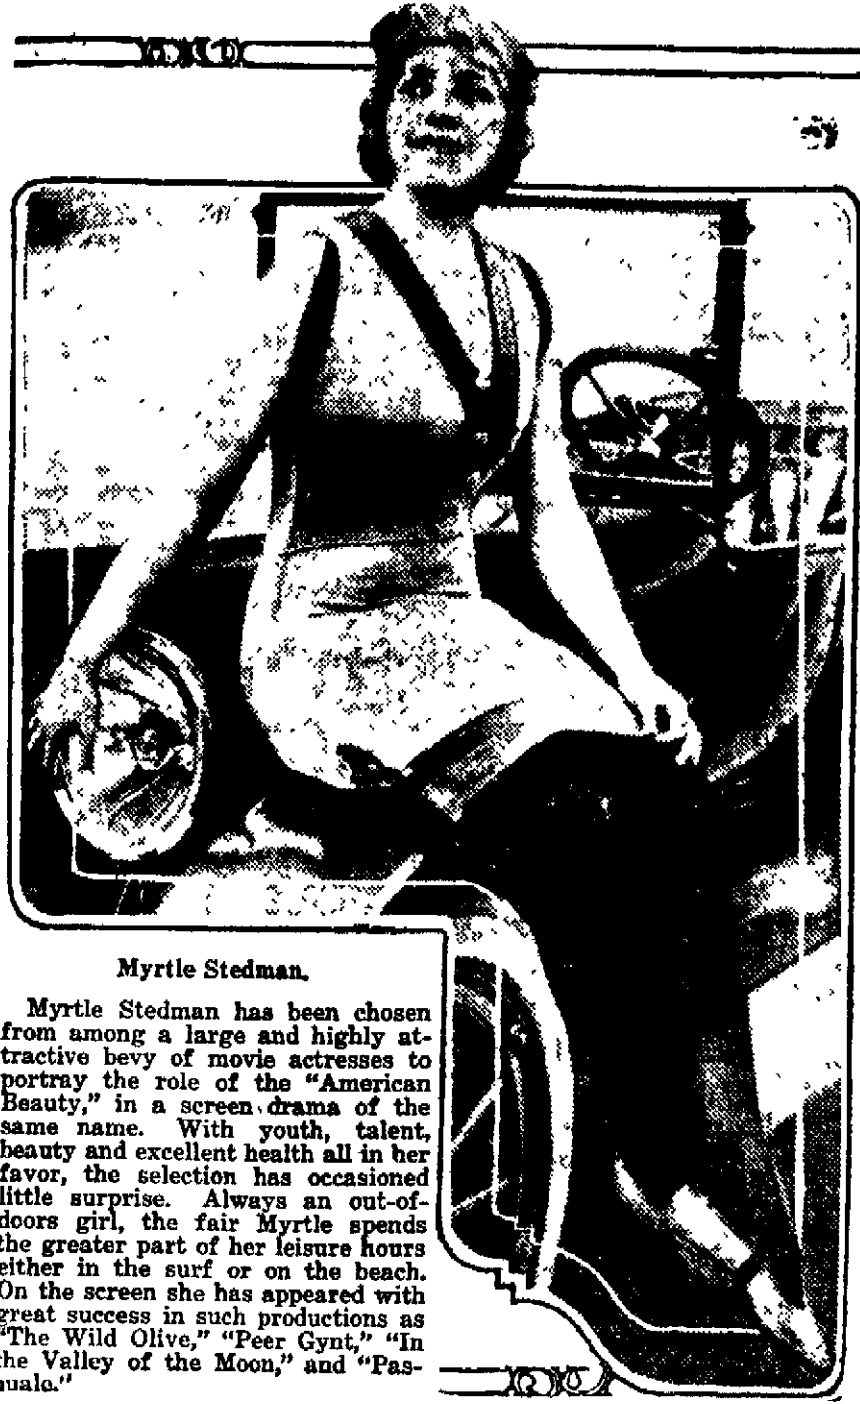

Few mothers realize how to properly lift their children. When a young baby is to be lifted from the bed, the right hand should grasp the clothing below the feet, and the left hand should be slipped beneath the infant's body to its head. It is then raised upon the left arm. This method is the best because the entire spine is supported, and no undue pressure is made upon the chest or abdomen, as often happens if the baby is grasped around the body or under the arms.

LEMERT POST OPEN MEETING.
The following numbers omitted from the list of yesterday:

Recitation—Miss Elisabeth Criswell.
Piano recital—Gladys Coffman.
Recitation—Miss Artie Youse.
Violin and piano—Nellie and Rollin Friener.
Violin solo—Minor Mitchell.

Marriage License.
Gerald E. Rhodeback, a farmer, and Miss Grace M. Baughman, both of Johnstown, O., Rev. W. D. Ward named to officiate.

SHE'LL PLAY ROLE OF "AMERICAN BEAUTY"

Myrtle Stedman.

Myrtle Stedman has been chosen from among a large and highly attractive bevy of movie actresses to portray the role of the "American Beauty," in a screen drama of the same name. With youth, talent, beauty and excellent health all in her favor, the selection has occasioned little surprise. Always an out-of-doors girl, the fair Myrtle spends the greater part of her leisure hours either in the surf or on the beach. On the screen she has appeared with great success in such productions as "The Wild Olive," "Peer Gynt," "In the Valley of the Moon," and "Pascuala."

Obituary

Alvie F. Rowe.
Alvie F. Rowe, 37, member of the firm of Rowe & Curren, of the Hotel Warden, died at his apartments in the hotel, Friday evening at 8:30 o'clock. Mr. Rowe has been in failing health for the past two months, but his condition was not regarded as serious. He had been in bed for two days and death resulted from heart trouble.

Mr. Rowe with Miss Curren have had the Warden, since June 21, of last year. The deceased came to Newark from York, Pa., where he formerly owned the National Hotel and was later assistant manager of the Colonial. He is survived by his wife who has been an invalid for the past three years, and one daughter Dorothy, aged 9 who reside in York, and one brother, Arthur Rowe of Pittsburgh.

Since coming to Newark Mr. Rowe has been interested in civic progress and has been active in local affairs. He was a member of the Elks' lodge.

Willis D. Cooper.
Willis David Cooper, son of Court Stenographer and Mrs. Chas. C. Cooper, died at the home of his parents 245 Hudson avenue at 3:30 o'clock this morning after an illness of four weeks with typhoid fever. The young man was born in this city May 4, 1894, and was therefore a few days over twenty-two years of age. He attended the public schools of the city and after leaving the high school took a special course in a business college. At the time of his death he was employed at the Adams Express office. He was a member of the Phi Sigma Chi fraternity.

Willis was a congenial and companionable young man and was well liked by all who knew him. His sudden taking off just as he was budding into manhood seems untimely and it is difficult to understand the ultimate wisdom of the Providence that so has ordered.

Willis is survived by his parents and a brother, James H. Cooper, assistant court stenographer. The funeral will take place from the Cooper home in Hudson avenue Monday afternoon at 2 o'clock. Rev. Don D. Tulis officiating. Interment will be made in Cedar Hill cemetery.

Helen Sudduth.
Helen Sudduth, fourteen year old daughter of Mr. and Mrs. H. C. Sudduth, died at noon today at her parents home on the Rocky Fork road northeast of this city. The little girl has been ill for some weeks with the measles. She is survived by her parents and three brothers, Carl David and Arthur. No arrangements have been made for the funeral.

Card of Thanks.
We extend thanks to our friends and neighbors for their kindness and beautiful floral offering during the sickness and death of our beloved one, Mrs. H. E. Snyder; also, thanks to Rev. W. D. Ward for his kind and consoling words.

State Auditor.

The slate-fixers the other day pulled off a deal which takes E. R. Fullington out of the race as a candidate for Republican nomination for state auditor. It had been all framed up that Former State Oil Inspector W. R. Phipps should be thrown in the breach, but some one used the double X and Joseph P. Tracy, head of the auditor's bureau of accounting stepped in. The slate-fixers could not see C. A. Conover at this time, but they could not keep Senator Jacob Wise from weighing into the race. No word was said of the Columbus man, Stillwell, who by his bold assault on the "state house ring" and its connection with the old treasury graft regime, drove the slate-fixers to the necessity of ditching Fullington. Meanwhile State Auditor A. V. Donahy, who will be a candidate to succeed himself, keeps on attending strictly to business, doing his best to keep the decentralization crew from running away with the state house. He is putting in his time on state business now, unlike other state house candidates, but when the proper time comes, he will aid in presenting his case to the people.

Needed in Senate.

In an editorial urging the re-election of United States Senator Atlee Pomerene, The Canton Daily News says:

"Today there can be no doubt in the minds of the voters of Ohio whether Atlee Pomerene is the kind of a man they need in the senate. He has shown three things and they tell the whole story. He has shown that his heart is in the right place, that his brain is of the right caliber and that his hands are willing. In other words he has demonstrated as conclusively as any United States senator ever demonstrated in his first term that his intentions are right, that he has the ability to carry them out, and that he has the energy to use that ability."

College Girls' Athletics.

A recent observer of the women's colleges reports a tremendous growth in interest in athletic exercises. Formerly the college girl might play croquet, and a few of the more strenuous tried tennis. That was about all. Their sporting fields were called recreation grounds, and even the word "athletic" was considered unladylike.

Today the college girls are playing baseball, polo, basketball, lacrosse, they have swimming and hockey and about everything but football. In-

Aunt Caline.

Aunt Caline says: Aunt Polly says: "I wonder why we hang on to this life with such a grip; it's none too pleasant," she says. Just then her husband came in a puffin' a cigar and he says, "Polly, I've bought that three-corner piece of land down by the school house and we'll be practicing rigid economy (it's paid for)," he says, and all the time he was puffin' in her face smoke that cost money. She sort of sipped and says, "Why did you buy the land, Ode? We sure have enough." "Why, I bought it to turn that bunch of Jerseys in that I just bought. Them's good cows, an' ought to make a sight of butter."

May: "Yes."
Paw: "And tongue-worms are women who love to talk."
May: "It seems to me you grow more idiotic every day!"

Did You Know

That "bum" and "hummer" are not only not slang but not even pure Americanism? The word is found under the form of "bum-maree" in the "English Market By-laws" of 200 years ago. It originally meant a man who retails fish by peddling outside of the regular market. These persons being looked down upon and regarded as cheats by the established dealers, the name became one of contempt for a dishonest person of irregular habits.

Liars.

Some awful liars challenge fate. Yet lightning doesn't strike 'em. Bill Hoogs found parsnips on his plate. He ate, and said, "I like 'em!"—Boston Advertiser.

Bill Jinx ate all his mustard greens. And said, "These greens are dandy." Nobody knows how much it means. To have things nice and sandy! —Houston Post.

Tom Piner ate his peck of dirt—He said, "twas nature's law." Then smiled and said: "There's nothing Some gift within your craw." —Memphis Commercial Appeal.

Both sour and heavy was the bread. He ate it with greatunction. "I love this home-made bread," he said. And lied without compunction.

Prize Limerick Award.
When the answers to the missing line Limerick came pouring in, not only from Newark but from Granville, Mt. Vernon, Hebron, Black Run, Vanatta, St. Louisville, Pataakala, Akron and numerous other towns, the Editor of the Melting Pot held to the life rope "with one hand and called loudly for help with the other." There were any number of good answers, and a choice of the best was very difficult. First, those were eliminated in which there was practically no difference. For instance there was a round dozen of "Because it's so easy to chew," with slight variations. "Being minus my teeth I can't chew," was a line chosen by a number; and "That's my business: what's it to you?" was another favorite answer, all of these of course, with some minor differences. Among the best of the answers were:
Curiosity kills such as you.
I have no Fletcherizing to do.
My weary nerves I doth renew.
Who, they grow it in Kalamazoo.
To the high cost of living it's due.
It strengthens my system all through.
To eat anything else makes me blue.

So the doctor advised me to do.
What else can a poor fellow do?
It's something I don't have to chew.
I was brought up where nothing else grew.
I prefer it to anything new.

Though the Advocate offered but one prize for a "best line" when it was found that there were two again this week that we considered to be equally meritorious, this reckless paper, without any urging and right off the bat said, "I. I. I. Very well then, we have another dollar. We'll give two prizes." So here they are.

GROWING

Senator Pomerene and Congressman Ashbrook

Judge R. M. Campbell of Ashland, former circuit judge in the Licking county district, has written the following deserved tribute to Senator Atlee Pomerene and Representative William A. Ashbrook:

When it became necessary to provide for a law-making power, in the formation of the federal constitution it was finally determined that such law-making power should be composed of a senate and house of representatives.

The farmers of our organic law were conversant with the composition of England's "house of parliament" consisting of the Lords and Commons from which emanated all statutory authority. The members of the "Lords" were hereditary, and acquired their parliamentary privileges and rights by birth.

The "Commons" were chosen by election from districts, or divisions of the several parts into which Great Britain was divided.

Imitating in a measure the house of parliament, the congress of the United States, is composed of a senate and house of representatives.

The senate is composed of two senators from each state who held their respective terms for six years. Until recently, senators were chosen by the legislatures of the several states. Now by popular election which seems to meet more fully a "government of the people, by the people and for the people."

The people of Ohio will participate in the Presidential, the Senatorial and Congressional elections at the November day 1916 fixed for the high and all important purpose, of choosing a President, a Senator, a representative from all congressional districts and other state and county offices.

The choosing of Senator Pomerene for second term does not seem to be problematical, as he has endeared himself to the people of Ohio, so effectually, that his defeat must be considered improbable.

He is classed among the foremost lawyers of Ohio, and displayed his signal ability as prosecuting attorney of Stark county, before chosen to represent Ohio, as one of her senators in the national assembly.

His course as senator has been characterized by unusual ability as a parliamentarian and by his uncompromising support of the avowed principles of President Wilson, that American rights cannot be surrendered at the sacrifice of national honor.

The services of Senator Pomerene for a full term, give the people of Ohio the greatest assurance that his past experience will be eclipsed by the service he may render in the coming years.

Senator Pomerene is among the ablest members of the United States senate. When Daniel Webster entered the upper branch of the National Legislature from Massachusetts, his dignified presence gave earnest assurance that his influence would mark him as a colossal, intellectual giant well calculated to confront and vanquish the wildest and ablest assailants of an undivided union.

With Cicero in the Roman senate, and Burke in England's House of Lords, his name will live in nothing less than immortal renown.

Senator Pomerene has before him a Corwin, a Sherman, a Thurman and others I might mention, whose intellectual light and brilliant ability are ever reflected in those halls, where their footsteps are heard no more.

To those who were familiar with his student life, and his early intellectual and legal triumphs, in the courts of Stark county, and have

noted his unwavering devotion to patriotic advocacy of American rights and principles as foreshadowed by President Wilson and insisted upon by him. Senator Pomerene stands out prominent, as an American exemplar of our highest intellectual requirements.

Under the constitution, the federal house of representatives, at this time, is composed of members chosen by popular election from all the states of the union. Divided into districts in proportion to population the house of representatives is more particularly the people's branch of congress, and its members are expected to reflect the sentiments and carry out the popular will of the constituents of their respective districts.

The house is composed of more than 400 members and is necessarily an unwieldy, deliberative legislative body. It is not expected that the members of such a large assembly are equally influential in effecting legislative results.

The efficiency and usefulness of a member of Congress, either of the senate or house of representatives, depend largely upon his experience, in either branch, not losing sight of his natural ability and personal characteristics as a legislator.

As a student of political history from early youth, I have been impressed with the unqualified and undisputed advantage of experience in state and national legislation. It is one thing to be familiar with the "ins" and "outs" of parliamentary requirements and quite another to spend several terms in acquiring such peculiar knowledge as will be appreciated by his constituents.

I am reminded of the advantages of certain Ohio congressional districts, represented for many consecutive terms by the same representatives, while others were continually changing at most for two terms.

In 1862, Gen. Garfield resigned his commission in the army, and was elected to congress, and re-elected from time to time until chosen president in 1880.

His efficiency and usefulness were marked by his ability and adaptation to this particular arm of the public service.

Thos. Corwin, with all his ability and forensic, oratorical power served several terms in the national house of representatives before he was fully prepared and appreciated as a useful member of congress.

Joshua R. Giddins was kept in congress from the Ashabula district for many consecutive terms and became one of the foremost members in those years of political activity.

History cannot help but repeat itself, and when dissolution arose, between the North and South upon the respective rights of the different sections, those senators and representatives from the South who had been kept in congress for substantially all their lives were invincible in the forming of legislative discussion.

Upon the question of the right of a state to withdraw from the federal union there was bitter controversy.

The election of Abraham Lincoln precipitated the issue, and when, at the second session of congress in December, 1860, state after state through their senators and representatives withdrew from all participation in the national congress, their bidding adieu to associates, were models of forensic power and eloquence.

I have not forgotten the influence and ability of southern representatives in those dark days and tumultuous times, in consequence of their unlimited experience in senate and house.

It is almost equally important that this congressional district should be

represented in the next house of representatives by a member of such experience and ability as Hon. William A. Ashbrook, whose past service affords the best evidence, that of the more than 400 members of the popular branch of congress, his services have been inferior to none.

William A. Ashbrook comes from the common people of his district, and understands most thoroughly their views, desires, and requirements of a representative in congress.

Henry Clay and Daniel Webster stand prominent in American history as peerless statesmen for fifty years of service in senate and house, and rendered the states of Kentucky and Massachusetts for all time immortal. No wonder that their very names are household words in their native homes, and mothers lisp their names in lullaby songs to quiet nervous infancy in their cradles.

William A. Ashbrook obtained his first nomination in a Democratic congressional convention for congress, after a three days' struggle between rival candidates for the coveted honor, in 1906, and was elected by a majority of 485 over Judge Snyder, who was running for his second term. He was re-elected in 1908 by 7173; again in 1910 by 11,984, and in 1912 by nearly 20,000. In 1913, he was legislated into a new district and in 1914 was elected for a fifth term by a majority of over 8,000. Ashland county recording its endorsement of his services by a majority of 1,633.

For these several years no member of congress has been more industrious and faithful in the discharge of his official duties, than William A. Ashbrook; and it would be a calamity to substitute novice of ordinary ability and destitute of all experience, for one whose name is synonymous, with years of approval of the best experience.

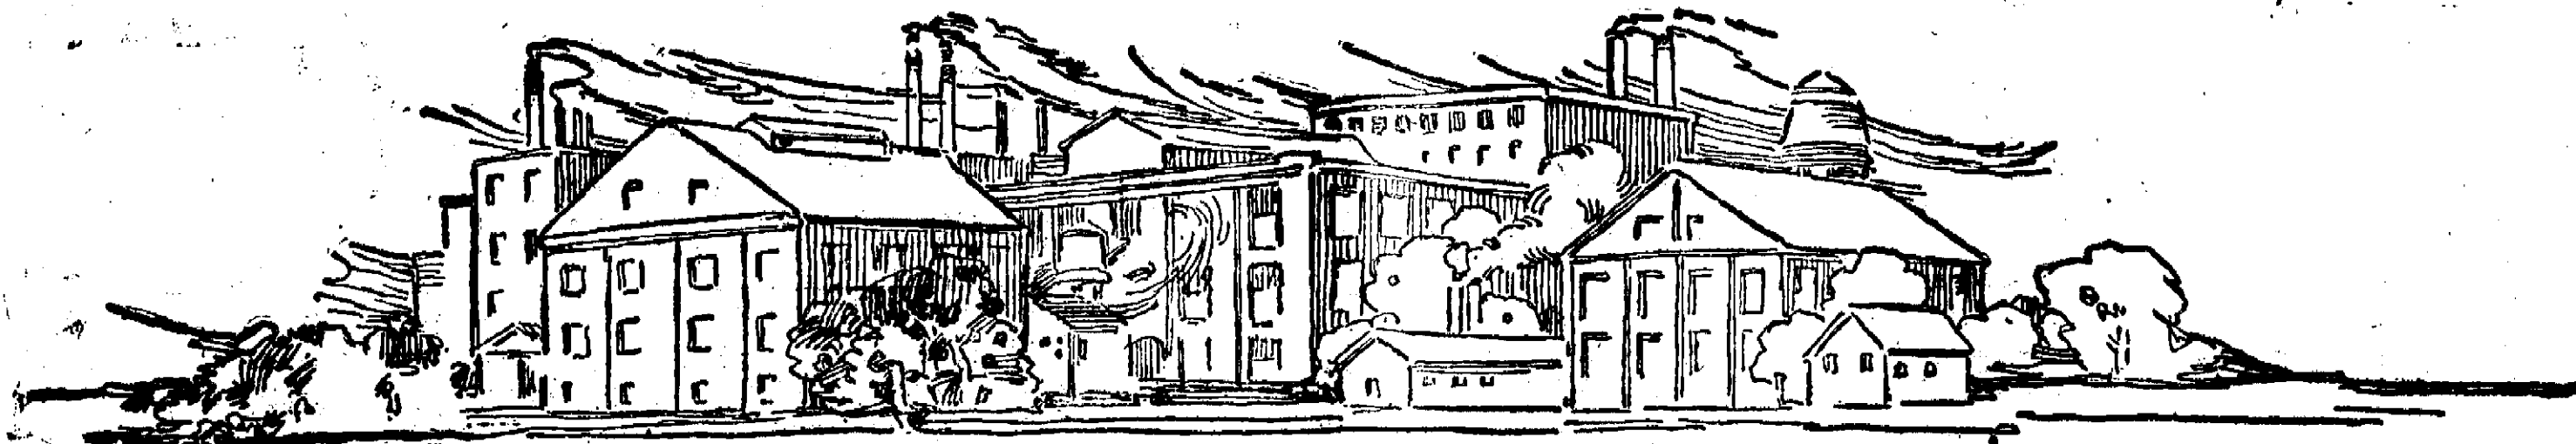

Mr. Ashbrook has been one of the most industrious and prompt members of congress in responding to requests of constituents. His acquaintance with his fellow-members is little less than phenomenal; and characterizes him as a worthy successor of Henry Clay, who formed the acquaintance of and could name every member of congress.

The years will soon come when every soldier of 1861-65 will have answered the final earthly roll-call, and every living representative of that great throng who marched down Pennsylvania avenue at Appomattox, and declared that the old flag should wave over an united country, and in the meantime every living soldier will not forget that William A. Ashbrook is his uncompromising friend; and instead of a majority of 1,633 in Ashland county, as it was in 1914, the vote should be substantially unanimous.

All the honors that public life and commendable service can bestow upon an experienced official, are now in possession of William A. Ashbrook; and his future can add nothing thereto, except the gratification of duty well and faithfully performed.

Better trust the public official, who has been faithful and true to all his obligations and shown himself a worthy, industrious and efficient representative of the people, than one whose ambition prompts him to seek a position, that will require his best efforts for years to honor.

INTEGRITY—and the House —behind the Tire

THE greatest Word in the whole Lexicon of Commerce is NOT "Service!" It is "INTEGRITY!" Because, that term embodies Good-faith,—Dependability,—the *Intention* to play fair, at any cost, as well as good Service.

Its essence, so far as business is concerned, consists in living-up to the last letter of that Americanism,—*"The Square Deal."*

It demands from its practitioners not only a due respect for the Rights of Others (whether they be strong enough to enforce these Rights, or weak enough to be at the mercy of the strong) but goes *further*.

It implies a charitable attitude toward those well-meaning persons who see "Rainbows," and who cannot live up to promises they really *intended* to keep.

An old-fashioned Virtue is this "Business Integrity,"—sometimes crowded close to the Wall by that modern idolatry called "Business-Expediency."

But,—there being something MORE than Money, worth striving for, in Business-Expansion, (as well as Money) this old-fashioned Virtue lives on, thrives and flourishes, in many quarters, like the Folk-Songs of a Nation that never die.

May we here pay tribute to "BUSINESS-INTEGRITY," wherever it abides, and,—with all due modesty,—CLAIM it as the Watch-word which has ruled Goodrich Activities over 47 years of Rubber Manufacturing, Selling, and DELIVERING?

"BUT,—does this Policy of Business-Integrity pay, in Dollars and Cents?" the Cynic may inquire.

From even that cold-blooded standpoint we may answer (to the growing youth of this country) YES!—it HAS paid even in material Success.

—Witness the Goodrich growth from a very small "Acorn" indeed, to the 90 Square ACRES of Floor Space in the largest Rubber Factory of the World,—at Akron,—requiring 15 Square ACRES of Window-Glass alone to light these Goodrich Factory buildings.

—Witness the Tire Output of 1915 which, if the Tires were placed flat on the ground in a row, would reach more than 1,400 Miles,—from New York City to Omaha,—although Tires are only one of the 267 lines of Rubber Goods made by Goodrich.

—Witness the present Staff of 18,147 People, who produce the 120,000,000 pounds of Rubber Goods, manufactured, marketed, and shipped, during the year, by Freight, from this Goodrich Factory; in addition to the 10,000,000 pounds manufactured and shipped by Express, from same Factory during same period.

Contrast this Goodrich Rubber Goods Output, with the total Imports of Crude Rubber into the entire United States, during 1915,—viz:—172,063,428 pounds,—and the total WORLD Consumption of Crude-Rubber for same year,—viz:—142,000 Tons, or 284,000,000 pounds!

Then, who shall question that the Goodrich Watch-word and Policy, of "INTEGRITY FIRST," pays, even in material Results.

—This, exclusive of the Good-will, Prestige, and Public Confidence that flows from 47 years consistent practice of such a Policy, which may well be worth as much more, in *personal satisfaction*, to each Goodrich Stockholder, each enthusiastic Officer, and each loyal Employee of the B. F. Goodrich Co.

But, "How does this Concern YOU, the Consumer?"—you now ask.

It concerns you, first of all, as a *proof* that Square-dealing, Straight-thinking,—and Business-Integrity PAYS,—even in Coin of the Realm.

It concerns each Parent,—and the Son and Daughter of each Parent,—as a vivid demonstration of the fact that the modern god of "Expediency," is a false god,—and that all the brilliant feats, and dexterous manipulation of facts, which pass current as "Expediency" are *needless*, for permanent Success.

It concerns the Consumer of, or the Dealer in, Rubber Goods because he *knows* that, in dealing with a House of Integrity he can TRUST the Statements, the Products and Trade-Marks, of such a House, *implicitly*,—can save Time and Trouble and can abandon that costly and unpleasant Watchfulness which is necessarily involved in buying anything under the old Law of Caveat Emptor, (let the Buyer beware).

WHEN, therefore, the largest Rubber Factory in the World (with a 47 year Experience in Rubber-Working) and 47 years of Business-Integrity, Good-faith demonstration, and Square-dealing, TELLS you that Money can't buy BETTER Fabric Tires, at any price than Goodrich Fabric Tires at their very moderate "Fair List" price,—you can well AFFORD to believe it.

When they tell you that nothing but Business Integrity prevents their charging you prices as high as those charged for other Makes of Tires, of no better quality, you can rely upon this:—

The difference in price is then a REAL Saving.

It is the Cash Value, to you, of dealing with a House which has made "Integrity" its Watch-word through 47 years of Rubber Manufacturing and Selling, and which has never yet sacrificed Principle to Profit, nor Good-faith to Expediency.

Then accept this SAVING which Goodrich Integrity brings to you every time you buy the best Fabric Tires in America, at the following "Fair List" prices:

Goodrich "Fair-List" Prices

BLACK "BAREFOOT" SAFETY-TREADS

37 x 5		\$37.35
38 x 5½		\$50.60

Goodrich "Barefoot" Tires

LIGHT in weight, and close grained,—because relatively free from inert substances or "fillers" that give excess Weight to Rubber, at the expense of Liveliness, Springiness and Endurance. Goodrich Safety-tread Tires, of black "Barefoot" Rubber, are therefore Lively, Springy, Clingy, and Long-lived.

Through their high Pneumatic quality, they give "Pep" to Car-Action, while stretching out Mileage, per Dollar invested, in a way that sets Users thinking.

More than 200 different Makes and Brands of Auto Tires were made and sold in U. S. A. last year, 1915, to the total extent of about 12,000,000 Automobile Tires. Of that 12,000,000 total Tires, the B. F. Goodrich Co. made and sold one-fourth.

Yet,—Tires are only one of the 267 different lines made by the Goodrich Rubber Factory.

This indicates why Goodrich Best-in-the-Market Fabric Tires can be, and are, sold to Consumers (via Dealers) at the lowest price in America per delivered Mile of Performance.

Compare price-list on left column and see!

Goodrich Truck Tires

REPLACEMENTS of other Makes of Truck Tires with Goodrich Truck Tires during last four years were as follows:—

1912 Change-overs to Goodrich	3,590
1913 " " " "	6,357
1914 " " " "	10,725
1915 " " " "	14,000

These Change-overs to Goodrich tell their own story to the thinking Truck Owner.

Goodrich Bicycle Tires

HERE, in America, the B. F. Goodrich Co. was the first and largest Maker of Pneumatic Bicycle Tires, developing, among other types, the famous "Thread-Fabric" Tire called the Palmer Bicycle Tire.

"Integrity" of Construction, and Square-Deal in Treatment of Consumers and Dealers, results in our holding this largest business in America on Bicycle Tires, as well as on Truck Tires,—and Automobile Tires.

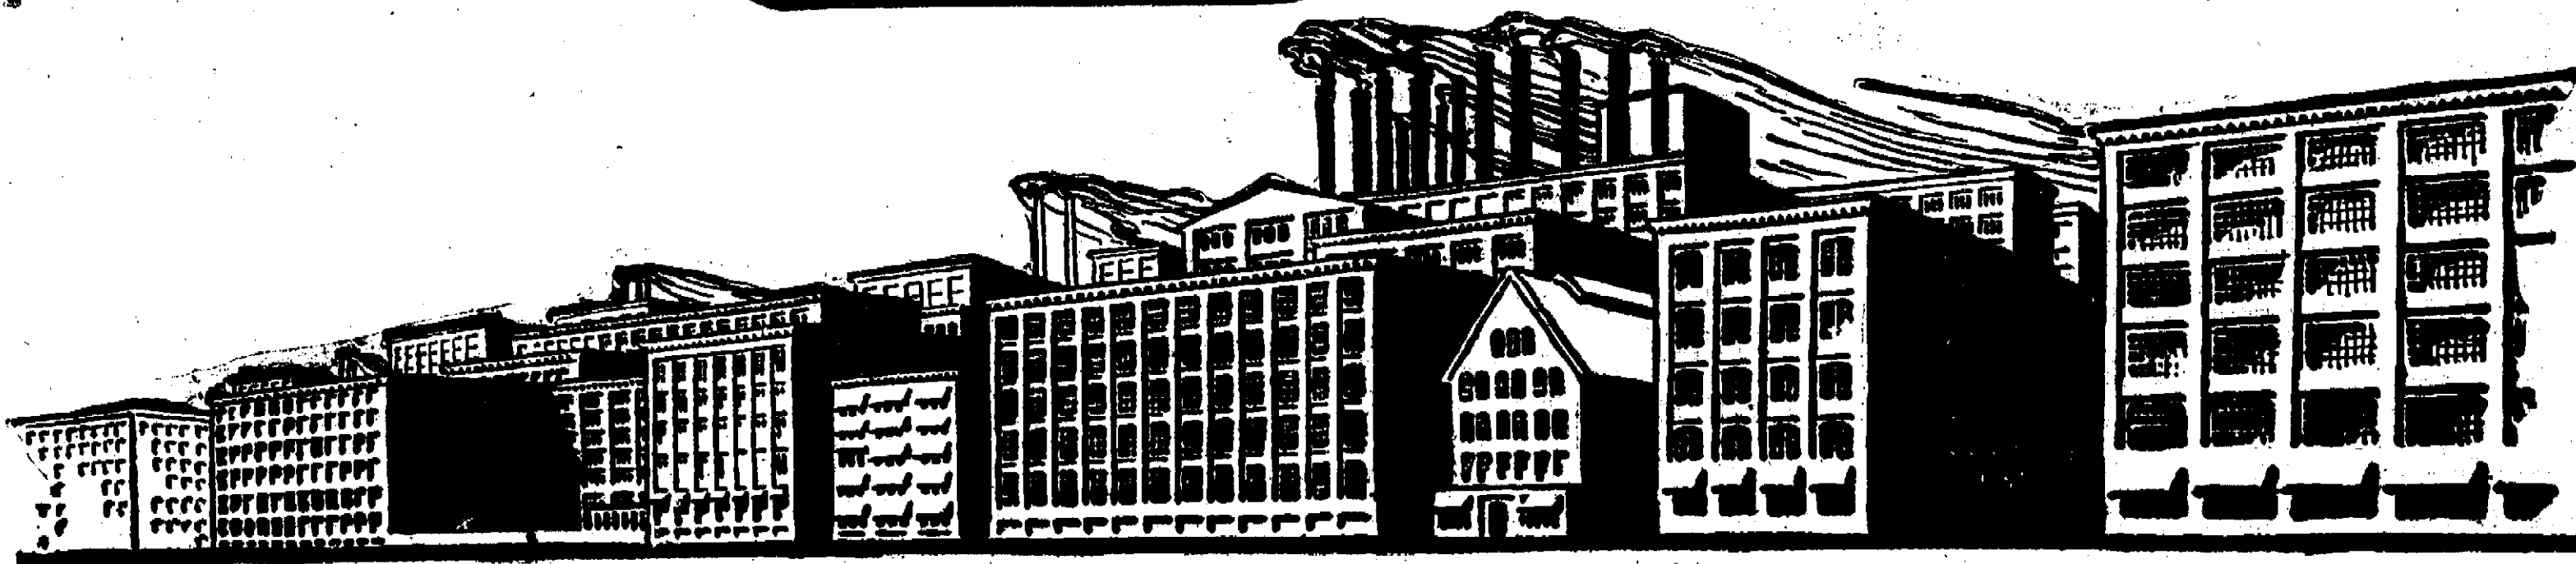

GET a sample of black "Barefoot" Rubber today,—from your nearest Goodrich Dealer or Branch!

Stretch it a thousand Times, to its extreme limit, but BREAK it you CAN'T!

That is the sort of "SERVICE" which Goodrich Integrity of Purpose and Policy, translates into.

Why are so Many People Losing Their Hair?

That is a simple question to answer. How can you expect a hair to grow through a hair cell if the hair cell is completely stopped up? Would you expect a plant to grow in a flower pot if the top of the pot was sealed up? Your head, everybody's head, has approximately 175,000 hair cells. If one half or two thirds of these cells are stopped up, how can you expect a luxuriant growth of hair? EVERY WEEK ANTI-SEPTIC OIL SHAMPOO opens these hair cells. It dissolves the dandruff (dry or oily) and promotes the growth of the hair. It leathers freely and thoroughly cleanses the hair and scalp. To keep the hair in best condition, men and children should have an oil shampoo every week, women, every other week. Every Week Anti-Septic Oil Shampoo is sold for 50c per bottle by R. W. Smith's and Leading Stores Every Where.

Y. W. C. A. Notes

"The Types"—subject for C. J. Schofield Bible Class Saturday night is a most interesting one. A type is a divinely purposed illustration of some truth. To understand the types means to understand the Bible in a wonderful way. Come and join us. Saturday, 7 p. m.

Wednesday Morning Cooking Class will have a lesson on Souffles next week. Room for a few more in the class.

The Tuesday Evening Folk Dancing Class is proving very popular. If you want one evening of good wholesome recreation, join this class. Dancing the Irish Lilt or the Highland Fling will send your blood speeding along its course and your spirits will ascend proportionately. Tuesday, 7:30 p. m.

Many of the Y. W. C. A. girls enjoyed the surprise party for Miss Bergquist, given by Mrs. Moninger. In fact some were quite useful in the scheme. There were taffy pulling, music and stories to make the evening one to be remembered by all. Mr. and Mrs. Moninger are rayal entertainers.

Speaking of entertaining—the Y. W. C. A. girls are always receiving such beautiful surprises. Last Sunday a small company of girls under leadership of Miss Childs, went out for Vespers in the woods and to gather wild flowers. Surely if the girls had known the pleasure in store for them, there would have been dozens of them. We had our little Vesper Service in the beautiful orchard at the home of Mr. and Mrs. Nelson Pierson on the Linville road. The thunder and lightning became so threatening that we decided not to return home till after the storm and sought refuge in the porch. When our presence was discovered, we were most cordially invited into the house. After the storm, we returned to the porch—when Mrs. Pierson, whose gracious hospitality is well known, served us with delicious sandwiches and grape-juice lemonade. Now, girls, don't you wish you had not been so afraid of the weather?

The donations continue to come to the Y. W. C. A. This past week, just when we thought our supply of Jellies was beginning to look alarmingly low, Mrs. Agnew brought in a dozen jellies.

The Evening Gym Class with some other Y. W. C. A. folks enjoyed a hike to Horn's Hill, where they cooked the most tempting supper over the campfire. Did they do justice to it? Ask one and see. Mr. Hopkins is a past master at fire making.

The newest members in our Y. W. C. A. family are Misses Quintelle Sigman and Margaret Morales. Miss Sigman recently came to Newark and is employed at Mazey's store. Welcome to our family.

Watch for the date of the Auto Party—postponed till Mr. Weatherman decides to let us have some warmer weather.

What is a June Breakfast? Ask one of the Membership Girls. Sounds like strawberries and cream, doesn't it?

Culinary Talk.
We speak of facts being boiled down, fiction as being cooked up, wit and humor as being served hot. Often it seems that poetry—or its author, is stewed.—Louisville Courier Journal.

How to stop dandruff and loss of hair with Resinol

Here is a simple, inexpensive treatment that will generally stop dandruff and scalp itching, and keep the hair thick, live and lustrous: At night, spread the hair apart and rub a little Resinol Ointment into the scalp gently with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning, shampoo thoroughly with Resinol Soap and hot water. Work the creamy Resinol lather well into the scalp. Rinse with gradually cooler water, the last water being cold. All dandruff and Resinol Soap and Ointment.

Lodges

I. O. O. F.
Newark Lodge, No. 623.
Newark lodge met in regular session Monday evening with a good attendance. Routine business was transacted. On next Monday evening the first degree will be conferred and probably the initiatory. We have received an invitation to confer the second degree at Utica in the near future and something definite will be known on Monday, so come out and make arrangements to go. Visiting brothers always welcome.

Canton Olive, No. 90, P. M.
Canton Olive met in called session last Saturday evening with a good attendance and one Chevelier was obligated. On next Monday evening at Newark Lodge all those obligated or signed up for the P. M. degree will be measured for their uniforms. On Wednesday evening will be an open meeting and all Cheveliers will appear in fatigues. Cheveliers have been promised to bring cakes, please do not forget to bring them. Any Chevelier in the city who has not been attending is most cordially invited to meet with us at any time and especially next Wednesday evening.

Olive Branch, No. 34.
Olive Branch lodge No. 34 met in regular session Tuesday night, May 16. The attendance was small, owing to other attractions going on, and only routine business was transacted. The brothers are invited to come out on our next regular meeting, it being the first nomination night for new officers and other general business. The refreshment committee promises to serve ice cream and cake. Our memorial will probably be held the third Sunday in June. Transient brothers invited to meet with us.

Licking Rebekah Lodge, No. 143.
The program at the last meeting of the Rebekahs was fine and those who were absent missed a treat. On last Sunday evening the Rebekahs attended Mothers' Day services at the South Street U. B. church. Next Thursday evening we have a class of 14 candidates so everyone turn out for a good time.

K. OF P.
Newark Lodge, No. 13.
One of the best meetings held lately was had on Thursday evening of this week at the Pythian Hall by old No. 13. The regular routine of business was light and consumed very little time. Two new applications were received and referred to the proper committees. The sick members are getting along very satisfactory and some were declared out of care of the lodge.

Four Pages being present were called and duly sworn in the Armorial rank of Esquire, and the work was put on in the same old style that No. 13 is noted for and the candidates were given their money's worth as everybody seemed to want to join in the work of the degree.

Next Thursday evening the Knight Rank will be conferred on a class of Esquires and we should have a large crowd out to assist in the work.

Don't forget the date of our memorial day, June 11th, when every Pythian in the city and surrounding country should turn out to give the day their best efforts to make it a success.

On next Monday evening the representatives of the Insurance department will meet at the Temple and all the members of the insurance department are requested to be present and all Pythians that are interested in the insurance feature should be present. Brother Eife of the insurance department will be present.

Uniform Rank.
On Wednesday night a detachment of Licking Company No. 121 went to Mt. Vernon and assisted in mustering in Wayne Company No. 17 of Fredericktown, O. Major Appleton of Mt. Vernon was the mustering officer. There was also present Major General W. H. Loomis, Major W. C. Graham and Captain Vance of Columbus. After a very nice parade the different companies retired to the Knights of Pythias hall where a new company was mustered in and the initiation was put on by Kokoski company of Mt. Vernon. The battalion commander then issued the command to march to the Armory, where the newly elected officers of Wayne company were installed by Major General Loomis. This company has been assigned to the First regiment. Refreshments and dancing concluded the program of the evening. Don't forget the meeting on Wednesday night, May 24.

Roland Lodge.
The meeting of Roland Lodge, No. 205, last Tuesday evening was graced by the presence of a number of its members who have not been there for some time. They were well repaid for their visit and we hope they will come again. In addition to the above and a goodly number of "regulars," two or three visitors were present and made short talks. The esquire rank was conferred upon two pages in impressive style, and the usual routine business carried out. Next Tuesday evening the page rank will be conferred in the full new form. In addition we will have the honor of a visit from genial Al Wormwood, grand prelate-elect, who always has an interesting line of talk for the boys. He has promised to be here sure, and a large number should greet him and give him the glad-hand. The refreshment committee will probably take due notice of this occasion and be on the job.

At our last meeting the committee having in charge the annual memorial services, which will be held on Sunday afternoon, June 11, announced everything in readiness and urged all present to invite every knight in the city to turn out on this day in memory of the brothers who have gone before.

MODERN WOODMEN.
Cedar Camp, No. 4727 M. W. of A. met in regular session on Wednesday night with a good turnout of the officers and members. Five applications for membership were re-

ceived and acted upon. At the next regular meeting of the camp on May 24th, arrangements are being prepared to celebrate the 19th anniversary of the camp by having initiation, speeches by some of the charter members and a general good time is expected and it is the desire of the officers that a good turnout of the members be on that night.

The committee on the annual Modern Woodmen Memorial Day made its report Wednesday night and reported all arrangements completed for the first Sunday in June for the annual memorial. Programs are now in the clerk's office and will be given out to all the members and friends.

A great many inquiries have been made in regard to the Carnival which will be given the week beginning May 29th under the name of Woodmen and we desire to state to the members of the Modern Woodmen that we have no connection, nor are we interested in any way with the carnival about to be held.

Now, neighbors, remember that we celebrate the 19th anniversary of the Camp on next meeting night, May 24th, and we desire you to be present to help celebrate it and we also want you to tell all the members that you may meet to be out on next Wednesday night for this event.

MACCABEES.
Octagon Tent of Maccabees, and their families, expect to attend services at Neal Avenue M. E. church on Sunday evening, May 28. Ladies of the Maccabees and their families are also invited.

KNIGHTS OF ST. JOHN.
Commandery No. 151, at their regular meeting last Tuesday completed arrangements for the Columbus Grand Commandery convention, to be held in Newark on May 28.

The Columbus Grand Commandery embraces all the cities in central Ohio and the eastern part of West Virginia, and it is expected that at least one hundred delegates will be in attendance. The convention will be called to order by Major George R. Clarke of Lancaster, grand president. Immediately following the convention a class of eighteen or twenty candidates will be initiated in the major degrees by the Lancaster, Ohio, degree team. Following the initiation a banquet will be served to the candidates and visiting members.

General James B. Dugan of Kenton, O., and Colonel C. W. Wallace of Columbus, O., supreme president and supreme secretary, respectively, will be here for the occasion.

The local knights are putting forth every effort to make this a feature event and it is hoped that every member in the city will be present on that day.

DAUGHTERS OF AMERICA.
Banner Council, No. 101, will meet in regular session Wednesday evening, May 24. The members are urged to be present for their business of importance to transact, and there will be initiation. The refreshment committee will serve ice cream and cake.

Times Have Changed

Doctors Now Use Laxative Water Instead of Drugs

Instead of loading their systems up with drugs that irritate and give only temporary relief, doctors are sending their patients to the springs to let water clean the poison from their systems, get rid of constipation, restore their digestion and put their livers to work again.

If you wake up feeling tired, nervous and headachy; with eyes that are dull and a little yellow; a taste in your mouth that makes even the thought of food repulsive; your system should be cleansed at once with a little Tollo Water from Dawson Springs, Kentucky.

Get a bottle from your druggist and pour a tumbler about one-third full of Tollo Water and fill with plain water—hot, if convenient—and drink it before breakfast. In a little while it will flush the stomach and entire intestinal canal of their accumulated waste and you will feel good for the rest of the day.

Of course one glass of water is not enough to remove the poison that has been absorbed by the blood, but you should continue to drink it each morning for several days. Then your complexion will clear up and your natural, healthy color will return, your tongue will lose its furry coat and you will be clean and fresh inside.

Cut out this strip, go to your druggist, get a box of Dr. Hobson's Eczema Ointment, use it as directed and if you are not fully satisfied, the druggist or maker will refund your money. Try it just once, you will be happily surprised.

BRUSH TEETH CORRECTLY

The right way to brush the teeth is to hold the bristles upright. In this way the crevices, as well as the surfaces are thoroughly cleansed, provided a few drops of hyclorite in a glass of water are used. Particles of food which invite germs and microbes get into the tiny crevices. Hyclorite reaches every crevice, kills the germs and makes the mouth and breath sweet and clean. You surely must use hyclorite and avoid decay of teeth. Rinse and gargle with this very satisfying and effective mouth wash and you will escape throat troubles and other germ diseases. Dentists are urging the use of hyclorite because it is such a pure, safe and remarkably effective antiseptic. It cools and soothes, cleanses and heals and is very economical. Hyclorite can be obtained from any druggist, or from E. S. Cramer, Newark, N. J.

SPARTANA

The Practical Varnish Stain

SPARTANA is better, more practical and more lasting in its results than other varnish stains.

SPARTANA is a combination varnish and stain, sold in cans all ready to open and apply with a brush. It is prepared by wood finish experts, by manufacturers who have been supplying stains and fillers to the leading furniture and piano manufacturers of the United States and Canada for years.

It gives a brilliant, durable, hardwood finish to any wood surface in any shade desired. In its dark or light oak effects it is especially popular and wonderfully satisfying.

Lots of women in this vicinity have tried it. If you're in doubt, ask one of them. But better still, try it yourself.

fines of \$5 and costs were assessed.
Two train riders drew fines of \$1
and costs each.

For Sweeping On Street.
John McCormick of Kansas City,
arrested on a charge of being drunk
and using obscene language on the
street, was fined \$10 and costs by
Mayor Bigbee this morning, and sen-
tenced to the county jail until the
amount is paid.

Chemist Was Here.
W. P. Thomas, assistant chemist
for the Pittsburgh Testing Labora-
tories was here Friday making pre-
parations for testing the paving ma-
terials to be used in the work in
Hudson avenue and Tenth street. He
returned to Pittsburgh today and
will come to Newark Sunday night
to take up the testing work Monday
morning when the paving work
starts.

Boosting Carnival.
R. C. English, in advance of the
Con. Kennedy Carnival Company,
which will be here for one week be-
ginning Monday, May 29, under the
auspices of the Woodmen of the
World, is in the city boosting his
attractions. Mr. English states that
the Kennedy carnival is the largest
and best on the road, traveling in 32
of their own railway cars. Its at-
tractions are clean, being among the
largest and best ever exhibited in
the country.

Clothing Stolen.
Someone entered the wash room of
the North Pole hotel in Beech street
yesterday and stole a quantity of
clothing. There is no clue as to the
identity of the thief.

Elbin Deserts Gang.
"Granny" Elbin, serving a sen-
tence at the city prison, deserted the
gang of prisoners which has been
at work cleaning and piling bricks
near the light plant this morning.
Twenty minutes later the police lo-
cated Elbin in the home of a for-
eigner in Case avenue. He had a
pint of whiskey and had just ordered
a keg of beer, preparing to make the
best of his liberty. He was returned
to the city prison.

Hand Badly Injured.
Clarence "Buster" Bowman had
his left hand severely injured yes-
terday afternoon at the Sigler gar-
age while engaged in placing a shock
absorber on one of the Sigler cars.
The front spring slipped and caught
the young man's hand on the axle.
The flesh was torn and crushed, the
injury being a painful one. Dr. J. G.
Shirer was called and dressed the
injury.

No Frost Damage.
For three mornings in succession
including this morning there has
been comparatively heavy frosts but
no damage has been done.

Elks' Funeral Notice.

Curtis avenue have been called to
Zanesville by the death of Mrs. Mer-
cer's father, Mr. John who died at
Canton. The interment will be
made in Zanesville.

BUCKEYE LAKE PARK IS READY FOR OPENING

Thousands of visitors will throng
beautiful Buckeye Lake Park to-
morrow for the opening of the sea-
son. The park was lighted last night
for the first time this year and it
certainly presented a beautiful sight.
Messrs. Deffenbaugh and Fisher
have worked hard to rush the im-
provements and while everything is
not completed yet all the buildings
are ready for occupancy. The large
number of conveniences which have
been installed will certainly be ap-
preciated by the public.
A special program has been pre-
pared for the opening day and it will
be carried out to the letter. Capt.
Blondell's famous water exhibition
will be the main attraction and good
bands and orchestras will assist in
enlivening the occasion. Admission
to the park is free.

CLEVELANDER MAKES DRAW WITH BOWSER.

Paul Bowser, world's middle-
weight wrestler met a well known
Cleveland heavyweight in a 20 min-
ute draw at the carnival Friday
night. Tonight the same men will
meet in a finish bout and several
of Paul's friends predict that the lo-
cal pride will have a tough job dis-
posing of the Cleveland under an
hour.

An excellent preliminary card has
been arranged and the show this
evening, which is the last, will be the
best exhibition of the week.
As an added attraction tonight one
of the women wrestlers with the
Bowser-Livingston show, will meet
a masked woman wrestler. The
management of the show refuses to
say whether the "masked marvel" is
a local woman or not. Plenty of
excitement, however is promised
when the women meet.

His Remarkable Career.
Few careers have covered wider ex-
tremes of fortune than did that of
John of Cappadocia. He was a Ro-
man officer of very high rank under
the Emperor Justinian in the sixth
century. He was a very able man,
and under his direction the finances
of the government flourished wonder-
fully. Incidentally he amassed a
great fortune for himself. But he was
very corrupt, and the revenues were
raised "on the deaths of thousands,
the poverty of millions, the ruin of
cities and the desolation of provinces."
He lived most extravagantly and in-
dulged in all sorts of wicked prac-
tices. But his life of ostentatious
profligacy was suddenly changed into
one of abject poverty. Though guilty
of many crimes, he was accused of
one of which he seems to have been
innocent and was condemned to be
scourged like the lowest of criminals.
Nothing of his vast fortune was left
him but one old ragged cloak, and it is
said that for seven years he begged
bread in the streets of cities that once
had trembled at his name.

A Peasant Boy Philosopher.
Very remarkable was the boyhood of
the celebrated James Ferguson, who
was born at Kelth, in Banffshire, Scot-
land, in 1710. His father, who was a
day laborer, taught him to read and
write and sent him to school for three
months at Kelth. At the age of eight
he constructed a clock of wood that
kept remarkably good time and af-
terward made a wooden watch with a
whalebone spring. He began to earn
his first money by cleaning and mend-
ing clocks in the neighborhood. His
astronomical pursuits commenced soon
afterward, his father having sent him
to a neighboring farmer, who employed
him in watching his sheep. While thus
occupied he amused himself at night
by watching the stars and during the
day in making models. In 1747 he pub-
lished his book on the phenomena of
the harvest moon, and this was fol-
lowed by other astronomical works.
His books received the approval of the
Royal society, before which he fre-
quently appeared.

How Boston Might Be Destroyed.
One of the most novel methods yet
conceived of destroying a city is de-
scribed in Popular Science Monthly.
The author says:
"An enemy need not bother muster-
ing battleships or waste his time bom-
barding from afar the intellectual hub
of this land of ours. In time of peace
let him have his spies build a big
pumping station right in the middle
of that city, and at the proper time
start drawing indiscriminately from
the ground below the water saturating
the subsoil. You know a large num-
ber of Boston's big buildings rest upon
floating foundations. Pump out the
water in the supporting quicksand,
and down those structures would tum-
ble into the yawning cavities so cre-
ated. It would be far more effective in
its demolition than the projectiles of a
hostile fleet."

Salting a Census.

Ernest Edgren, formerly commercial
agent for a railroad at Nanking, Chi-
na, and later with the Pacific Mail
company at Hongkong, is thus quoted
in the Kansas City Star:
"No one knows how many people
there are in China," he said, "but the
census figures say 400,000,000, but that
is a guess. No census ever has been
taken. The government arrives at its
population figures by an old method.
It has a monopoly on salt. By esti-
mating the average per capita con-
sumption of salt and dividing the total
consumption of salt by that figure it is
able to make a fair guess."

America's Largest Snake.

The largest American serpent is the
anaconda, which may attain a length
of thirty feet. It inhabits tropical
America and is a handsome animal,
with dark round spots scattered over
its whole body on a groundwork of
rich brown. It is very fond of water
and haunts the banks of rivers, lakes
and streams, there lying in wait for
any deer or peccary which may come
to the margin of the water to drink.

Philosophy That Failed.

"I don't see Si Perkins any more at
the grocery lyeum."
"Si sorter lost caste. He was set-
ting on a cracker barrel arguing that
life wasn't worth living. A lamp ex-
ploded."
"Well?"
"Si was the first man out."—Pitts-
burgh Dispatch.

Gulf of Persia.

The Persian gulf is a dangerous and
difficult place in which to navigate. It
is only partially surveyed, and there is
not a single light after leaving Kara-
chi. Currents are most erratic, and
great caution is always necessary when
navigating these waters.

RENTING VS. OWNING A MOTOR BOAT

Unless you have daily use for a
motor boat during the entire season
it is far cheaper to rent a launch
from the Haynes' Livery at Buckeye
Lake, when you consider the up-
keep, the boat house rent, deprecia-
tion, etc. The secret of the easy
starting and operating of these
boats is the special construction and
perfect care of the motors that this
firm gives them. Every motor is
built alike and the whole equip-
ment passed the state marine in-
spection before a wheel is turned.
Rates for the motor boats will be
made by the hour, day or week and
will be the most moderate on the
lake. See the big electric sign,
"Motor Boats." Haynes & Son car-
ry in their marine department a
complete stock of everything needed
for boat equipment. 19-2t

GRANVILLE HIGH LOSES
Zanesville, O., May 20.—Zanesville
high defeated Granville high yester-
day by a score of 6 to 0, a remark-
able record being made by Pitcher
Westenbarger of the Zanesville team.
But 27 Granville batsmen faced him
during the game. He allowed but
one hit and not a ball got past the
infield. He had nine strikeouts.
Evans pitched for Granville. Score:
Zanesville 6 1 1
Granville 0 1 4

Y. M. C. A. CAMPAIGN WILL BEGIN JUNE 5 AND END JUNE 13

All the Trustees of the Y. M. C. A. and a number of its friends among the leading business men of the city are putting forth every effort to make the 17th annual Campaign, to be held June 5th to 13th a success. Not a day passes that some conference or committee meeting is not held to perfect the organization.

For the past five years the Trustees, the General Secretary and all vitally interested in the organization have been working with the aim in view of putting the Association out of debt and on a basis where more efficient work may be done. A good financial record has been made in these years and the management of this Association has been commended by States and International Y. M. C. A. men. The present building, dedicated in 1899. The Association has met a great need in the community over this period of 17 years. It has served from 700 to 800 young men each year. Many young men have received training in this institution that has sent them out into fields of Christian service. Six of its former members, boys who have grown up in Newark are now either in the Association work or the ministry. There has never been a time in these years that the Association has been free from debt, the interest on which has prevented its doing a larger and more effective work among industrial boys of the city. A large number of whom need only the influence of a leader with ability to direct them into the Association and

in touch with Educational and Religious influences.

The people of Newark will be ready to respond to the limit in their co-operation with the campaign leaders in the realization of their aims in this campaign. A very carefully prepared statement will soon be made to the public regarding the amount to be secured and the terms on which the contributions will be made. Let Newark not fall behind other cities or its size in meeting the needs of young men.

ALUMNI BANQUET OF HIGH SCHOOL AT KIRKERSVILLE

The annual banquet of the Kirkersville high school was held in the I. O. O. F. Hall in that village, Thursday evening at 8 o'clock. Edwin M. Larason of this city presiding as toastmaster. There was an excellent attendance and a very good time was enjoyed by all present.

The following excellent menu was served by the Ladies' Aid Society of the M. E. church.

Fruit Compote
Poulet et Se Mettre
Pommes de Terre
Spaghetti a la Italienne
Pickles Olives
French Buns
Der Kartoffelsalat
Angel Food Cake
Neapolitan Ice Cream
Kaffee Mints

After the banquet Toastmaster Larason of the class of 1890, after a brief address announced a musical number by Mrs. Larason and himself. This was followed with an address by Nicholas White of the class of 1904, and then a pretty vocal solo was given by Miss Ennie Park of the class of 1911. Then came an address by Harold Emswiler a piano solo by Miss Mary Reed, an address "Sand Will Do It," by Dr. Ray Spurgeon, a vocal solo by Mrs. Harold Emswiler, an address "Development" by Prof. C. H. Parrot, a piano solo by Miss Helen Woodruff, an address by Mrs. Jessie Walker Wells on "The Kirkersville alumni" and the banquet ended with a selection by Mr. and Mrs. Edwin M. Larason.

Billy—"In days of old the gallant used to kiss his lady's hand." Milly—"What a bother to have to take off one's glove."

SPELLING

SEEMS TO BE A SPECIAL ACCOMPLISHMENT OF PATASKALA GIRLS.

Miss Dorothy Angevine Will Represent County at State Contest to Be Held June 2.

Miss Dorothy Angevine of Pataskala, who won the spelling championship of Licking county, will represent the county at the annual state spelling contest to be held in Columbus, June 2. Miss Angevine is "brushing up" now for the contest and feels confident of bringing back to Licking county the state championship.

For the sixth successive year a Pataskala speller has won the championship. Miss Angevine is the

MISS DOROTHY ANGEVINE.

daughter of Mr. and Mrs. Charles Angevine, north of Pataskala, and was one of the six contestants who stood undefeated at the end of the contest held in Newark, April 21.

Three of these contestants were pupils of the Pataskala schools, two from Johnstown, and one from Alexandria, and these with the exception of Lucile Lawyer, Pataskala, spelled in this city to determine the final contestant.

Ten words were selected from the state list, comprised of 7,000 words, and pronounced by County Superintendent Elmer W. Jordan. The contestants were given but one week's time for preparation. Miss Angevine spelled all the words correctly; Alexandria's representative missed four; Paul Smith, Pataskala, six, and the Johnstown contestants, seven each.

"I feel confident of winning the state spelling championship, when I go to Columbus next month," Miss Angevine said today. "I have tried refreshing my mind and will put up a hard fight to bring the honor to Licking county."

The words to be spelled will be taken from the same list and the undefeated candidates will then spell from the dictionary. Governor Willis will pronounce the words. A list of the words which decided the final winner of the county spelling contest follows:

Belize, Bermuda, Euclid, Worcester, Juarez, Prioulet, Pontchartrain, Robespierre, Villamette, and Youghiogheny.

HOW TO CONQUER RHEUMATISM AT YOUR OWN HOME.

If you or any of your friends suffer from rheumatism, kidney disorders or excess of uric acid, causing lameness, backache, muscular pains, stiff, painful, swollen joints, pain in the limbs and feet, dimness of sight, itching skin or frequent neuralgic pains, I invite you to send for a generous Free Trial Treatment of my well-known, reliable Chrolozure, with references and full particulars by mail. (This is no C. O. D. scheme.) No matter how many have failed in your case, let me prove to you, that rheumatism can be conquered. Chrolozure succeeds where all else fails. Chrolozure cleanses the blood and removes the cause. THOUSANDS OF PATRONS VISIT NEWARK SCHOOLS

This week has been patrons' week in the public schools. It has been a very great success. In every school all week the slogan among teachers and children has been "A visitor for every child in every school." This has more than been realized. The total enrollment of all the schools at the end of last month was 4,098. The total number of visits made in all the schools this week is 4,100. This only proves that you can usually do what you start out to do. The following is the record of the different visits made into different buildings.

High school, 595; North Fourth, 525; Maholm, 515; Woodside, 475; Mound, 480; Hartzler, 427; Central, 363; Conrad, 220; East Main, 101; Hudson, 130; Mill street, 61; Franklin, 57; Texas, 14; Riverside, 55; Keller, 52. Total, 4,100.

In 1913 the number of visits made was 12,101. In 1914 the number was 12,811. Last year the number was 25,577 and this year the number is 4,100. Patrons' week has become an annual custom in the schools and its purpose is to bring the schools and the homes into closer sympathy. While a special effort is made during patrons' week to get visitors, parents and citizens are welcome at any time.

"NEWSIES"

WERE GUESTS OF HAMPTON'S EMPIRE SHOWS AT CARNIVAL GROUNDS.

Headed by Band They Paraded Around the Square, When Ran to the Grounds.

"Hey, mister; give me a badge! Yo, ho; c'mon over Jimmie! Here's the guy with the passes!"

It was "newsboys' night" at the Hampton's Great Empire shows, and the "newsies" of Newark were the guests of Clark Felgar, press agent for the show.

More than 200 newsboys lined up in front of The Advocate office at 6:45 o'clock, Friday night, and received badges from Circulation Manager Fred Abbott, of The Advocate. Clerk Felgar and C. B. Arbogast lined up the carnival guests, two abreast, and headed by Zenga's famous Italian band, began a parade to the show grounds.

The procession of newsboys was followed by several members of the Wild West show and a mule from Keller Bros. Society circus, ridden by clown brought up the rear. The parade went around the public square, the newsboys cheering and making plenty of noise, and then west on Main to Sixth street, where the band boarded a car for the carnival grounds.

The "newsies" continued their march, or rather run, and arrived at Wehrle avenue and Union street long before the street car. Upon their arrival at the show grounds the boys formed groups and visited all of the shows. They were given free access to all the attractions and were treated in royal style by the members of the company.

A large crowd gathered in front of The Advocate office and around the square to see the parade, which was the largest of its kind ever held in the city. The boys remembered Clark Felgar, their host last night, as the man who two years ago gave them a similar treat, and to show their appreciation for his effort cheered Felgar several times.

The weather warmed up some later in the evening and the largest crowd of the week turned out to pay the carnival a visit. All the shows ran late to accommodate all the visitors and the first good night of the week, financially, was enjoyed. Tonight is the last night of the show, and, weather permitting, a record-breaking crowd is expected.

Theatres

Alhambra Sunday.
Ethel Clayton is given the feature role in a splendid cast assigned to the six-reel production of "Dollars and the Woman" by the Lubin company of Philadelphia.

Those who insist upon digging into everything until a moral is unearthed will not have to hunt far in "Dollars and the Woman" before perceiving that the married woman who, even innocently, accepts financial assistance from any other man than her husband is seasawing on the brink of a precipice.

Sunday at the Grand.

"The Tight Rein" tells of two wealthy mill-owners, one with a high-strung son and the other with a high-minded daughter—who wish to perpetuate the union of their families through the mating of their children. Now the son of the one man respects the daughter of the other, but there his interest in her ceases; he loves one of his father's mill-hands, and she one of the minor employees in her father's place. Tom Moore plays the part of the son and Anna Nilsson the role of the mill-hand. When he carries as his father wishes him to, he is to become a partner in the joint factories. The girl, however, has no escape from the deadly struggle for existence except marriage, and her ideals of marriage forbid this step for selfish purposes.

When the fathers discover that their plans are likely to be thwarted the girl not only is discharged but she is black-listed in the town. Yet she and her mother are dependent solely on her meagre earnings. The son is tied down even more closely to dependence on his father by having even his small allowance stopped. Here is fertile ground for rebellion—and rebellion there is. The girl goes to a nearby city where she becomes one of many of a kind. The son searches for her finds her, and is alone with her for but a moment when the man she is dependent on rushes in, and misinterpreting their meeting, shoots both.

The line "Who's Guilty?" which follows the particularly pertinent to this theme and will cause much speculation in the minds of movie-folks who heretofore have had but little incentive to thought.

WILL ATTEND THE SERVICES AT COLUMBUS

Richard Allen, Co. M, U. R. K. of P., will leave tomorrow morning over the Pennsylvania Railway for Columbus to attend the thanksgiving services of the Columbus companies and courts. Elaborate arrangements are being made by the Columbus companies to return the hospitality extended to them by the Newark company two weeks ago, when they were entertained here. Every member of the local company expects to attend and will carry a large crowd with them.

Madison, the 14-month-old son of Mr. and Mrs. S. W. Fitch, of 380 Elmwood avenue, who was so seriously burned Monday night, is now ill with scarlet fever. He was recovering nicely from the burns when the fever developed. His condition is not serious.

In Selecting Her Corset

In selecting her American Lady Corset let the stout woman age to it that she buys her corset in a size large enough, and that she adjusts it to her figure without tightening it too much at the waist. It is a great temptation to the large woman to draw up her corset as much as she can. The flesh, however, may be compressed just so much and no more. After that, it goes up or down as the case may be, causing ugly lines, a red face and an extremely awkward walk.

The corset may be made quite tight about the hips but it must be left easy at the waist line and around the top.

If your figure is stout or regardless of its requirements, there is a particular American Lady Corset which will supply your needs.

Prices range from\$1.00 to \$5.00

Circus Within a Circus Promised for Children

TWO OF THE MANY ANIMAL ACTORS COMING WITH RINGLING'S

Dumb actors from bearland, monkeyland, dogland, ponyland and many other quarters of the animal kingdom, are now headed in this direction intent upon tickling the local youngsters and even their grownups with their endless antics. These particular thespians are part and parcel of the Ringling Brothers' circus which this season is said to have more surprises for its juvenile patrons than ever before.

First on the main tent program is the tremendous spectacle "Cinderella," which, with its much loved story, ballet of the fairies and princely processions promises to appeal to both young and old. Then will come the circus numbers and these will introduce scores of animal actors. There will be big and little dogs who play at leap-frog, skip-the-rope, ride Shetlands and donkeys, make long leaps through the air and turn somersaults by the score. There will be monkeys who play ringmaster, jump on and off galloping ponies, bears that skate or run races on bicycles, baby elephants that dance as their comrades play upon drums or other instruments while the clowns of animal-land bother everyone with their capering antics.

In addition to the animal features there will be the daring deeds of the scores of foreign artists who have sought engagements in America because of the great war. Aerialists, wire-walkers, acrobats, perch performers and equestrians never before seen in this country will be distributed throughout the two hours' arctic action in which a total of almost 400 men and women will take part. The riding numbers are unusually numerous and the menage and high school horses, imported by the Ringling Brothers from Arabia, last winter, contribute to a remarkable series of equestrian surprises. The Ringling menagerie of 108 dens has been enlarged by the capture of many new animals, while the stork has added a score of babies to the zoo. All will be on hand, from the tiniest member to "Big Bingo," the world's largest elephant, when the circus exhibits here Friday, May 26.
